EXECUTIVE SUMMARY

THIS PAGE INTENTIONALLY LEFT BLANK.

Profile of the School District

Roanoke City Public Schools (RCPS) is a progressive urban school district located in the heart of the Blue Ridge Mountains in the City of Roanoke, Virginia. Roanoke, the largest city in the Commonwealth of Virginia (Commonwealth) west of Richmond, is located at the southern end of the Shenandoah Valley, approximately 170 miles west of Richmond and 235 miles southwest of Washington, DC. Roanoke's 2018 estimated population, as per the US Census Bureau, was 99,920. This accounts for just under 31% of the population in the metropolitan statistical area (MSA), which includes the neighboring city of Salem, Town of Vinton and the Counties of Roanoke, Botetourt, Craig, and Franklin.

In the 2018-19 school year, RCPS provided a comprehensive program of study for 13,746 students in grades pre-kindergarten through twelve (based on fall membership counts). The school division is made up of seventeen elementary schools, five middle schools, two high schools, the Roanoke Valley Governor's School for Science and Technology, a vocational school, two alternative education facilities, adult education programs, and preschool programs for at-risk children. Enrollment is predicted to increase at an average rate of .02% over the next two years.

Roanoke's student population represents a diversity of cultures and ethnic groups. Approximately 44% of students are black, 35% are white, 13% are Hispanic, and 8% are Asian or another race.

In 2018-19, 96.33% of RCPS students qualified for free or reduced price school lunch, where eligibility is determined based on the financial need of the individual student's family, or the overall needs in the school's community as determined through the United States Department of Agriculture (USDA) Community Eligibility Provision (CEP). RCPS began participating in the CEP in the fall of 2015, providing free lunch for 84.7% of the overall student population through 19 school locations. In 2018-19, student needs led RCPS to apply, and receive approval, to include all but two school sites in the CEP program. Students at all but two elementary schools have access to free breakfast and lunch daily without having to apply or prove individual family need. At the two schools that are not participating in CEP, students can still receive free or reduced price school lunch (and breakfast) through the traditional application process.

RCPS continues to make strides in student academic progress and achievement. All Roanoke City Public Schools are fully accredited by the Virginia Department of Education in 2018-19. All but one school were fully accredited in 2017-18.

The Roanoke City Public Schools' strategic plan has affirmed that the school division's mission is to "graduate students prepared for life in a rapidly changing world." The plan also establishes RCPS' vision, which is "to be a model for urban public education." This vision means that our students will have the skills to be successful and opportunities to reach their full potential regardless of poverty, ethnicity, disabilities, or other challenges. Only a few urban places in the country have been able to achieve this, and they are usually individual schools as opposed to entire school districts. RCPS believes that we owe it to our children to set a very high bar.

The decisions, direction, and actions of RCPS are guided by eight core beliefs, as follows:

- Our diversity is a source of strength
- Our schools must be safe
- All students are capable of meeting high expectations
- We are accountable for our students' success
- Every individual in RCPS contributes to our students' success
- We have a responsibility to work collaboratively with our families
- Respect, trust, and honest communication are the foundation of successful and productive relationships
- The vitality of our community depends on a strong school system

"Strong Students. Strong Schools. Strong City." The School Board has the following established priorities in the current year:

- Achieve academic excellence for all students.
- Ensure the safest schools for our students and staff.
- Attract, train, and retain the best staff for our urban Division.
- Ensure efficient use, maintenance, and improvement of the Division's facilities and infrastructure.
- Enhance music and the arts, athletics, and extracurricular activities.

The School Division's strategic plan for meeting these performance measures and achieving its priorities is organized into four strategic focus areas:

- Master teaching in a diverse urban environment
- Create an optimal urban learning environment
- Develop a high-performing organization
- Collaborate with the City, business, community and faith-based organizations to provide a better-prepared student

Roanoke City School Board and Principal Administrators

Roanoke City Public Schools is governed by a seven-member School Board, the members of which are appointed to three-year terms by the Roanoke City Council. The 2018-19 School Board of the City of Roanoke includes Annette Lewis, Chairperson; Mark K. Cathey, Vice Chairperson; William B. Hopkins, Jr.; Eli C. S. Jamison; Laura D. Rottenborn; Lutheria H. Smith; and Dick Willis.

Dr. Rita D. Bishop has served as Superintendent of Schools since her return to Roanoke on August 1, 2007, after having served for three years as Superintendent of Schools in Lancaster, Pennsylvania. Dr. Bishop served as Associate Superintendent for Instruction in Roanoke City Public Schools from 1994-2004.

The School Division's executive leadership team for 2019-20 includes the administrators listed below. The Organizational Chart on the following page is the most recently approved as of this document's printing.

Dr. Dan Lyons, Deputy Superintendent

Ms. Sandra Burks, Executive Director for Human Resources

Dr. Julie Drewry, Executive Director for School Improvement

Mr. Tim Hahn, Executive Director for Student Support Services

Mrs. Kathleen Jackson. Chief Financial Officer

Mr. Greg Johnston, Executive Director for K-5 Instruction

Mr. Chris Perkins, Chief Security Officer

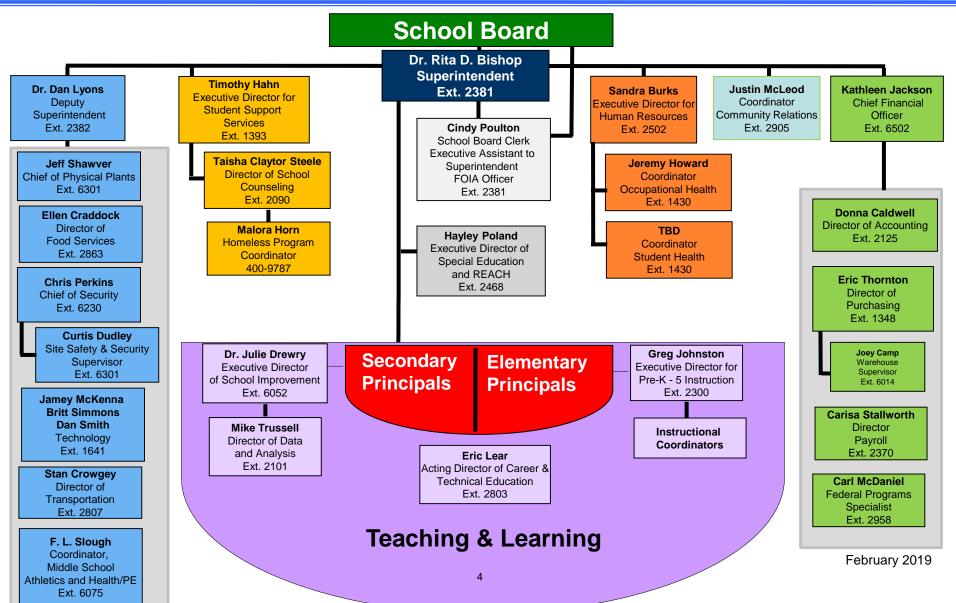

Mrs. Hayley Poland, Executive Director for Special Education

Mrs. Taisha Steele, Executive Director for School Counseling

Budget Process and Timeline

Regulations Guiding the Budget Process and Timeline

The Code of Virginia requires school division superintendents to develop an itemized budget to be presented to and adopted by the School Board each year (§ 22.1-92). That same code requires the School Board to in turn submit that budget to the governing body, in this case, the City of Roanoke. The Code of Virginia § 22.1-93 requires that the city approve its budget for educational purposes by May 15, or within 30 days of receiving an estimate of state funds for public education, whichever is later. Once the city has approved its annual budget, the School Division must publish its budget in line item form. In order to meet its obligations under this state timeline, the City of Roanoke requires by City Code § 33 that the School Board (and other boards and departments) provide a budget estimate to the city manager no later than March 15.

The School Board of the City of Roanoke has adopted policies governing the school division's budget development and management process to, in part, ensure that RCPS is in compliance with the above stated requirements codified by the Commonwealth of Virginia and the City of Roanoke. School Board Policy DB requires that a categorical budget for the next fiscal year be adopted by the School Board by March 14 of the current fiscal year, in order to ensure that RCPS can meet the city's March 15 deadline. Policy DB also establishes the school division's fiscal year as beginning July 1 and ending June 30 of the following June.

Budget Classifications

The categorical budget adopted by the School Board no later than March 14 refers to budgeted expenditures by categorical classifications as prescribed by the State Board of Education in the Code of Virginia § 22.1-115. RCPS develops a categorical budget that represents anticipated expenditures in the following categories:

- Instruction
- Administration, Attendance, Health and Technology
- Pupil Transportation
- Operations and Maintenance
- Debt Service
- Food Services
- Athletics

The School Board reports the following major governmental funds:

The *General Fund* is the School Board's primary operating fund. It accounts for all school division financial resources, except those required to be accounted for separately.

The Food Services Fund is a special revenue fund that accounts for the proceeds of specific revenue sources, legally restricted to the operation of the school food service program. The primary source of funding comes from the National School Lunch Program and the School Breakfast Program as provided by the Federal Government, and the majority of the remaining funds come from operational receipts.

The School Grants Fund is a special revenue fund that accounts for the proceeds of specific revenue sources (other than the school food service program) that are restricted to expenditures for specified purposes. The primary source of grant funding comes from awards made by the Federal Government with the majority of the remaining funding coming from the Commonwealth of Virginia.

The annual budget for Roanoke City Public Schools is legally adopted at the fund level by City Council as part of the City of Roanoke annual budget. The School Board approves a budget, referred to as the Categorical Budget, which breaks down the General Fund budget into categories defined by the Virginia Department of Education. This is the format in which the budget is provided to the City Manager on or before March 15 as is required by City Code. To manage its operations, RCPS breaks the categorical budget down into cost centers, and from there to object code line items.

The system of object codes used to specifically identify types of costs has been developed to align with the chart of accounts established by the Virginia Department of Education (VDOE) for reporting purposes. Primary expenditure types include:

- PAYROLL costs for all full and part-time employees, as well as overtime costs, pay for supplemental duty, and any other allowances.
- FRINGE BENEFITS include the costs of all benefits provided to or on behalf of employees including Social Security, life insurance, retirement savings, medical, vision and dental insurance coverage, and unemployment.
- PURCHASED SERVICES include all contractual services required for the operations of the school division. Examples include repair and maintenance services, school nursing services, school bus transportation, and school nutrition services.
- INTERNAL SERVICES are those services provided by one functional area of the school division to another. In RCPS, the Print Shop operates as an Internal Service.
- OTHER CHARGES covers an assortment of costs including utilities, postage, insurance, rentals, and travel.
- MATERIALS AND SUPPLIES include expenditures for consumable commodities.
- CAPITAL OUTLAY includes purchases of equipment items where the individual item value is \$500 or more. The capitalization threshold for RCPS (above which assets must be depreciated) is \$5,000, but the school division has many important assets with an individual item value less than \$5,000 (for example, computers) that have a useful life of several years and that need to be tracked and maintained.

Revenue is budgeted by revenue source using the following categories:

- CITY OF ROANOKE revenue reflects the annual allocation of funds made by the City of Roanoke for the operation of schools. Excluding local taxes specified for particular purposes, such as civic center admissions tax, RCPS receives 40% of annual local tax revenue from the City of Roanoke to fund public education.
- COMMONWEALTH OF VIRGINIA funding represents RCPS's share of K-12 funding budgeted annually by the Commonwealth of Virginia. The majority is in the form of basic aid to fund the state's share of state determined minimum quality standards based largely on Average Daily Membership (required to be measured March 31 annually and reported to the state). Other state funding is allocated for specific programs or through statesponsored competitive grant programs.
- FEDERAL GOVERNMENT funding is almost always exclusively reflected in the Food Services Fund and the Grants Fund. It comes in the form of USDA Food Program reimbursements, and funding through Federal grants and entitlement programs such as Title I-A and IDEA Special Education funding.
- OTHER AGENCIES revenue includes any revenue anticipated from other government agencies or organizations. For RCPS, this primarily includes payments from other

- participating school divisions for Roanoke Valley Governor's School tuition (RCPS hosts the Governor's School and is fiscal agent).
- CHARGES FOR SERVICES includes anticipated revenue from cafeteria sales, tuition paid by other school division for regional programs like the Roanoke Valley Governor's School, and payments for summer school classes.
- ATHLETICS includes anticipated gate receipts from athletic events throughout the year.
- OTHER REVENUE encompasses all other sources of revenue, which can vary from year to year. This can include interest income, donations, and prior year refunds or rebates.

Budget Development Timeline

Budget development begins each fall with a review of the cost implications of various potential employee salary increases, and the solicitation of non-personnel budget requests from budget managers. First revenue projections from the City of Roanoke and the Commonwealth of Virginia become available in December. The Commonwealth of Virginia adopts its budget biennially, and 2019-20 marks the second year of the biennium. The Virginia General Assembly convened its regular session on January 9, 2019, and the Governor's Amendments to the 2018-2020 budget went to both houses for action. Differences were worked out fairly quickly and a final budget bill was approved by the General Assembly on February 24, 2019. After the veto session, through which no changes to public school funding were made, the 2019-20 budget for the Commonwealth of Virginia was adopted May 2, 2019.

School Board budget discussion takes place at every meeting and workshop held by the School Board between January and March, leading up to the approval of a budget at the categorical level by March 14. The final detailed budget is then completed and presented to the School Board on or before June 30.

The 2018-19 budget process involved new activity as RCPS worked to develop a new budget format designed to meet the best practice standards for school budgeting established by the Association of School Business Officials International (ASBO). The 2019-20 budget follows this same new format, with some changes in how information is displayed, and some additional detail added, in response to both School Board recommendations and reviewer recommendations received from the ASBO review team in response to the 2018-19 budget.

Fiscal Year 2019-2020 Budget

All Funds

| FUND | FY 2019-20 Budget |
|--------------------|-------------------|
| GENERAL FUND | \$180,056,095 |
| GRANTS FUND | \$26,247,260 |
| FOOD SERVICES FUND | \$9,832,950 |
| TOTAL ALL FUNDS | \$216,136,305 |

Totals represented here include budgeted transfers that impact individual funds' budgeted costs. Food Services indirect cost has historically been reflected as revenue in the General Fund, so the impact on Food Services expense is represented above but not an offset in the General Fund. The comprehensive budgets on the following pages follow the new format in which all transfers are clearly identified. The total budget, Operating Fund budget, restricted Grants Fund Budget, and Food Services Fund budget are outlined by state-defined category and object code.

Budget Highlights

The 2019-20 RCPS budget follows the significant formatting change implemented with the 2018-19 budget, but with further enhancements designed to provide additional detail and insight into the school division's budget priorities. Expenditures for the entire division's budget as a whole are displayed in further detail, and while all expenditures are still believed to support all strategic priorities, RCPS worked to drill down further with the Fiscal Year (FY) 2019-20 budget, in an effort to assign budget dollars to each of the four priority areas of the strategic plan.

In approving the 2018-19 Budget, the School Board voted to use up to \$2 million out of General Fund fund balance to complete capital improvements deemed necessary to improve the security and accessibility of several school buildings. All identified projects could not be completed within one year, due to the availability of contractors and materials, and the need to minimize disruption to student learning. Any remaining funds already appropriated for this project will be set aside as committed fund balance to continue to be used as intended to complete these projects in 2019-20. The total carry-forward is expected to be \$725,000, though the final carry forward will be determined through the 2018-19 year-end closing activities and annual audit process. These funds are reflected separately within this budget because while they are funds expected to be expended in 2019-20, they are previously appropriated FY2019 budgeted funds.

With its 2019 amendments to the Commonwealth's 2018-2020 biennial budget, the Virginia General Assembly included additional funds for the state share of up to a 5% average salary increase for positions defined by the Virginia Department of Education (VDOE) as those positions necessary to meet the VDOE's definition of minimum standards of quality. RCPS implemented an average 2% increase in 2018-19, so at least an average increase of 3% is needed in 2019-20 in order to access the full amount of state funding available. administration chose to meet this requirement in part through a comprehensive overhaul of Roanoke City's professional (teacher) salary scale. These changes allowed the school division to correct for issues that largely resulted from the period of years during and immediately following the Great Recession when salaries were frozen. Contingent upon sufficient funding from the state in 2020-21, RCPS intends to complete the implementation of its new teacher salary scale over a two-year period. Once implementation is complete, the starting teacher salary will increase by almost \$2,000, and there will be a uniform percentage increase between steps which will allow for both step and scale raises in future years, helping RCPS's teacher pay keep pace with inflation and surrounding school divisions. The average increase across all positions being implemented is expected to be 3.4% in 2019-20. The school division also increased, and made more uniform, supplements provided for graduate coursework completed beyond what is required for the teaching or administrative position held.

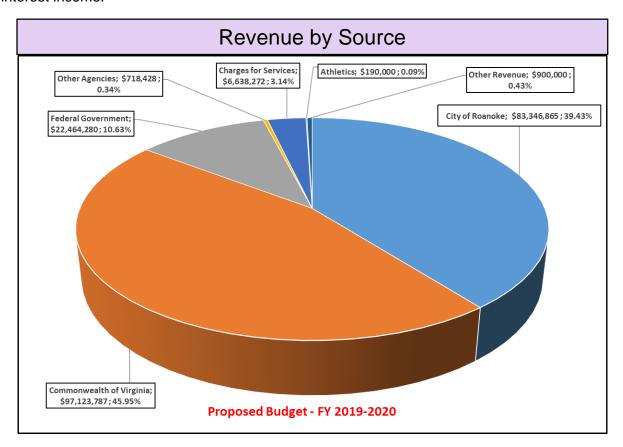

State Revenue expectations increased due to the additional funding noted above, and also due to adjustments in projected Average Daily Membership counts. Most state funding formulas calculate a per pupil funding amount that is multiplied by the school division's Average Daily Membership (ADM) to determine total funding. At the beginning of the 2019-20 budget process, the school division was projecting no increase in ADM, and used the same expected ADM of 12,850 as was used in the 2018-19 budget. The March 31, 2019 ADM count was 12,898, so RCPS revised its 2019-20 projection up (though still keeping it conservative) to 12,875.

City funding of schools, thanks to the 40% revenue sharing formula that is in place, is expected to increase approximately 2.6% over the previous fiscal year. The City of Roanoke has budgeted \$83,346,865 in funding for RCPS in 2019-20. All City of Roanoke funding for schools is budgeted to the General (Operating) Fund.

Federal funding for RCPS comes primarily in the form of entitlement grant funds, and all Federal funding is accounted for in the restricted Grants Fund or Food Services Fund. Projections for FY2020 grant awards do not vary significantly from prior years. RCPS often receives competitive grant awards, but it is the school division's practice not to budget for competitive grant revenue unless a multi-year grant award has been received. No competitive awards are budgeted in 2019-20. Federal Food Services reimbursements are expected to increase, and cafeteria sales to decrease, due to the increased number of schools qualifying under the USDA Community Eligibility Provision (CEP). The 2019-20 budget reflects these year-over-year expected differences.

RCPS expects, and has budgeted for, minimal change in receipts from other agencies and charges for service. These revenue areas include tuition from other participating school districts for their students to attend the Roanoke Valley Governor's School (Grants Fund), payments for summer school, facility rentals and other services (General Fund), payments for meals and catering (Food Services Fund), and reimbursement for regional classrooms hosted by RCPS from the Special Education Roanoke Valley Regional Board (Grants Fund). No change has been budgeted in anticipated revenue in the General Operating Fund from athletic events. All other revenue budgeted is level with the prior year. This encompasses sources that are

challenging to predict, including proceeds from the sale of obsolete equipment, donations, and interest income.

Personnel needs are expected to stay fairly level year-over-year for 2019-20. Enrollment increased in 2018-19, but growth has been slow, so the school division does not anticipate needing a significantly different number of teachers or other instructional personnel as a result. Where RCPS does see a growing need for increased personnel resources is in addressing childhood trauma and student mental health needs. RCPS is adding a combined total of nine new school counselor and social worker positions for the 2019-20 school year. RCPS is a trauma-informed school division that recognizes the significant impact adverse childhood experiences can have on a student's ability to learn and successfully navigate the school environment. Helping students through those challenges so they can persevere is a top priority, and one that will continue to get focus and additional resources as necessary and available in the years ahead.

The budget for Pupil Transportation reflects a significant decrease compared to the prior year. RCPS outsourced its pupil transportation services a decade ago. As that initial contract (and one renewal as was allowed by contract) was coming to an end in 2018-19, a Request for Proposals (RFP) process was initiated. This resulted in a new contract that will begin with the 2019-20 school year, that includes significant savings.

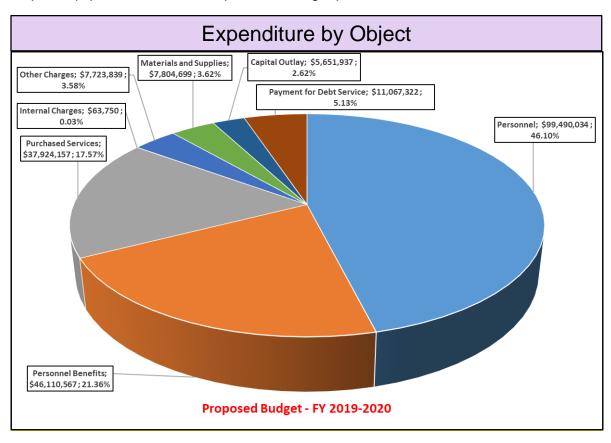

The budget for Operational Central Administration was increased in 2018-19 because RCPS expected to begin implementing a new Enterprise Resource Planning (ERP) system during the year. This implementation did begin in 2018-19 as expected. The new system will be in use for the 2019-20 fiscal year. Some elements of the implementation will still be in process during

the first few months of 2019-20, and we expect to run the legacy system for some months in FY20 to ensure complete and accurate data transfer has occurred. However, the bulk of the implementation and associated cost was budgeted, and will have been incurred, in 2018-19. This, combined with savings on property and liability insurance coverage, resulted in the expected reduction in needed funds for Central Administration Operations.

A notable budget increase was applied to the Operations and Maintenance area for 2019-20. This is in response to growing needs for repairs or replacement of capital systems and equipment such as heating and air units in schools, and other upkeep of aging school buildings. While RCPS primarily uses bond proceeds for capital improvements, division administrators are mindful of the need to utilize those funds for larger projects such as extensive school renovation or replacement.

The budget for Debt Service expenditures is another area where a sizeable year-over-year decrease can be seen. In 2017-18, the City of Roanoke changed its methodology for issuing debt and began using Bond Anticipation Notes (BANs) to better align the sale of bonds with the anticipated timing of the projects to be funded. Bonds were not sold in 2017-18 or 2018-19, and instead BANs were issued. RCPS, therefore, is paying its share of interest from the portion of the BANs funding new school capital projects, and will not have principal payments from the current school being built (replacing Fallon Park Elementary) due until 2020-21 (bonds are expected to be sold in the spring of 2020).

Food Services Fund costs are budgeted to increase based on increased projected student utilization, thanks to greater access for students to free breakfast and lunch. Additional spending on capital equipment needs is also planned, using a portion of that fund's fund balance.

Personnel Resources

The school division's full and part-time positions, as experienced in three prior years, 2015-16, 2016-17, and 2017-18, as projected for the current year 2018-19, and as budgeted for 2019-20 are reflected below. These counts fluctuate throughout each year. Key factors that influence changes in personnel resources include enrollment changes and employee separations and new hires. The actual and projected counts for prior and current years were measured at the same point in time each year in an effort to provide a valid comparison.

| Classifications | 2015-2016 Actual | 2016-2017 Actual | 2017-2018 Actual | 2018-2019 Estimated | 2019-2020 Budgeted |

| Administrative | 109 | 113 | 112 | 120 | 127 |
| Classified | 638 | 605 | 643 | 655 | 660 |
| Part-Time | 183 | 167 | 137 | 120 | 129 |
| Professional | 1,219 | 1,229 | 1,220 | 1,223 | 1,226 |
| School Board | 7 | 7 | 7 | 7 | 7 |
| Total | 2,156 | 2,121 | 2,119 | 2,125 | 2,149 |

Student Enrollment

Historical activity is the primary guide used to forecast student enrollment, with three-year rolling averages analyzed to help project future activity. RCPS has experienced slow growth in student enrollment over the last several years. In 2017-18, after a fairly large increase in fall membership of 96 students year-over-year, spring ADM was a surprise when it came in less than the prior year. In 2018-19, fall membership was down slightly compared to the prior year, but RCPS did not experience the significant decrease between fall and spring like occurred the year before.

| | Sept. 30 Membership | March 31 ADM |
|---------|---------------------|--------------|
| 2015-16 | 12,806 | 12,791 |
| 2016-17 | 12,836 | 12,825 |
| 2017-18 | 12,915 | 12,823 |
| 2018-19 | 12,900 | 12,898 |

As a result, RCPS continues to project and budget conservatively. The bulk of state funding is determined through formulas that are a factor of ADM, so overestimating ADM can cause a revenue shortfall. After March 31, 2019 ADM was known, RCPS increased its projected 2019-20 ADM, but still kept it slightly below the FY2019 number. This will be carefully watched and forecasts revised as necessary. Forecasted ADM for future budgeting is as follows:

| | March 31 Forecasted |
|---------|---------------------|
| | ADM |
| 2019-20 | 12,875 |
| 2020-21 | 12,885 |
| 2021-22 | 12,885 |
| 2022-23 | 12,900 |

Budget Forecast

The Commonwealth of Virginia has yet to reach the level of funding for public education provided in 2008-09, adjusted for inflation, and reports from the state make a return to that level of funding seem unlikely in the near term. The Commonwealth adopts biennial budgets and 2019-20 is the second year of the 2018-2020 biennium. Projections of state funding for schools beyond 2019-20 are not expected to be available until December 2019. As a result, RCPS utilized a modest increase projection for state revenues. The City of Roanoke is also forecasting modest growth in coming years. In keeping with recent year experience and the outlook of the City of Roanoke and Commonwealth of Virginia budget offices, the school division's 2019-20 expenditure budget includes an average year-over-year expenditure budget increase of 2.73%. Increases of 1.65%, 2.0%, and 1.98% are forecasted for years 2020-21, 2021-22, and 2022-23 respectively.

Tax Rates and Trends

The City of Roanoke had a tax rate of \$1.22 per \$100.00 on real property in 2018. This has remained consistent over the last three years. During the seven years' prior, the tax rate per \$100.00 was \$1.19, however the tax levy has increased from \$78.1 million to \$85.0 million during the ten-year period. This also holds true for Public Service Corporations, however, the tax levy has increased from \$3.9 million to \$5.3 million during the ten-year period. The personal property rate has remained at \$3.45 per \$100.00 for the last 10 years, however the tax levy has increased from \$27.9 million to \$32.6 million during the ten-year period.

About Roanoke City Public Schools

The School Board of the City of Roanoke, doing business as Roanoke City Public Schools (RCPS), is a progressive urban school district nestled in the heart of the Blue Ridge Mountains in the City of Roanoke, Virginia. Roanoke, the largest city in the Commonwealth of Virginia (Commonwealth) west of Richmond, is located at the southern end of the Shenandoah Valley, approximately 170 miles west of Richmond and 235 miles southwest of Washington, DC. Roanoke's 2018 estimated population as per the US Census Bureau of 99,920 accounts for around 31% of the population in its metropolitan statistical area (MSA), which also includes the city of Salem, Town of Vinton and the Counties of Roanoke, Botetourt, Craig and Franklin.

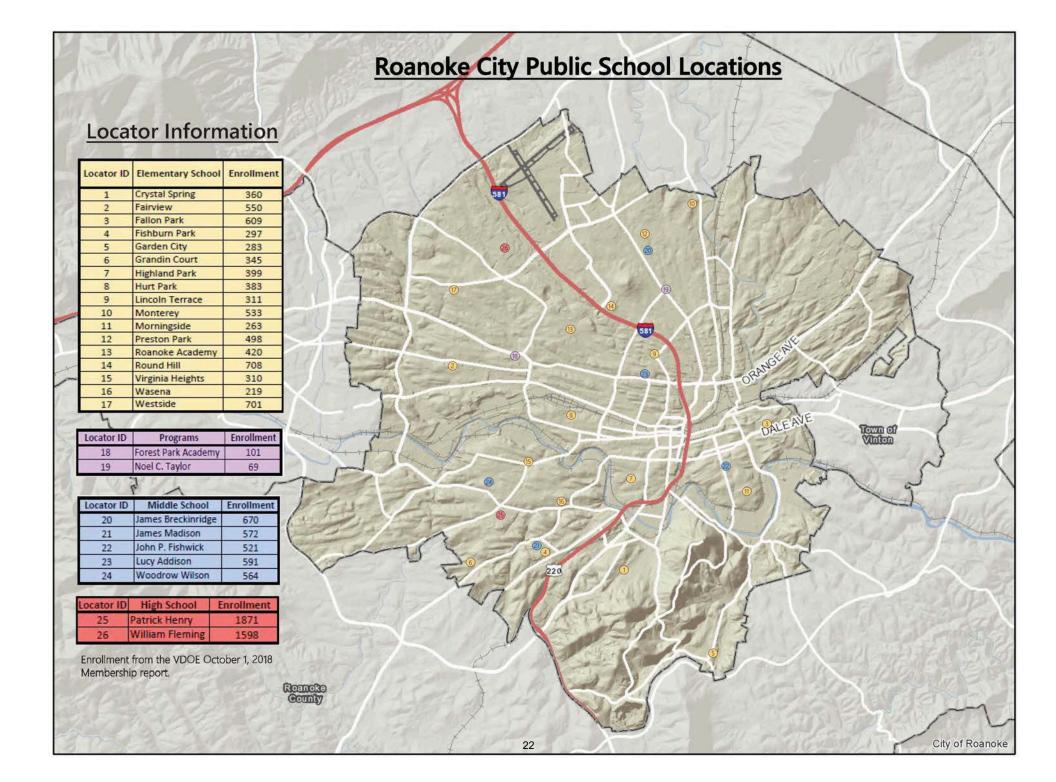

Roanoke City has twenty-eight school and educational program locations serving students in grades pre-kindergarten through twelve, including seventeen elementary schools, five middle schools, two high schools and four program schools. Two program schools, the Roanoke Technical Education Center (ROTEC) and the Roanoke Valley Governor's School, have students from both city high schools who attend, so their enrollment is counted at their home high school. The Governor's School also has students from neighboring districts who pay tuition to attend the part-day program.

Roanoke's student population represents a diversity of cultures and ethnic groups. Approximately 44% of students are black, 35% are white, 13% are Hispanic, and 8% are Asian or another race.

In 2018-19, 96.33% of RCPS students qualified for free or reduced price school lunch, where eligibility is determined based on the financial need of the individual student's family, or the overall needs in the school's community as determined through the United States Department of Agriculture (USDA) Community Eligibility Provision (CEP). RCPS began participating in the CEP in the fall of 2015, providing free lunch for 84.7% of the overall student population through 19 school locations. In 2018-19, student needs led RCPS to apply, and receive approval, to include all but two school sites in the CEP program. Students at all but two elementary schools have access to free breakfast and lunch daily without having to apply or prove individual family need. At the two schools that are not participating in CEP, students can still receive free or reduced price school lunch (and breakfast) through the traditional application process.

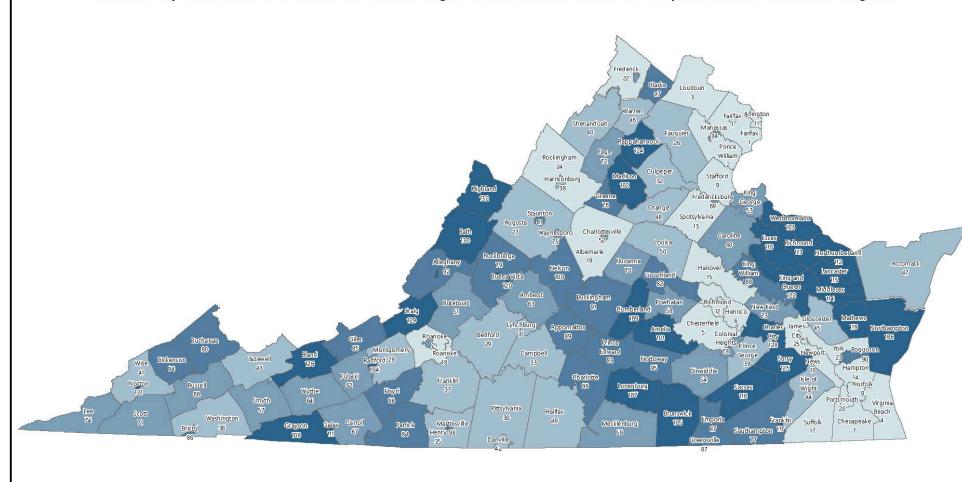

The Virginia Department of Education has revised the state's standards of accreditation, and these changes began to take effect with 2017-18 assessments (determining 2018-19 accreditation status). The new standards' intent is to provide a more comprehensive view of school quality; looking at more than just the numbers of students who pass year-end Standards of Learning (SOL) state-mandated exams. The new standards take into account students making progress towards proficiency in English and/or mathematics, English language learners making progress towards English proficiency, schools' success in narrowing achievement gaps between subgroups of students, the level of absenteeism within a school, and graduation and dropout rates at high schools. *All Roanoke City Public Schools are accredited in 2018-19*.

The map on the following page shows the location within the City of Roanoke of all Roanoke City Public Schools. Following that is a map showing the geographic areas covered by each Virginia School division, and the size of each based on student membership. Roanoke City Public Schools is the twenty-first largest school division out of the one hundred and thirty-two public school divisions in the Commonwealth of Virginia.

Virginia School Division Ranking Based on Fall 2018 Membership

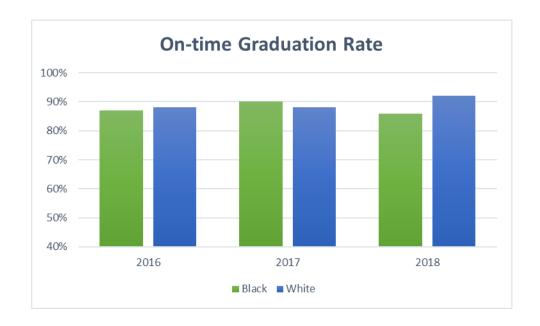

Roanoke City Public Schools is ranked as the 21st largest school division out of the 132 public school divisions in Virginia.

Virginia School Divisions Fall 2018 Membership Population Ranking

1 - 25 26 - 50 51 - 75 76 - 100 101 - 132

RCPS administrators and faculty believe that all students are capable of meeting high expectations, and the continued growth in the division-wide on-time graduation rate (OGR) is evidence of that truism. In 2017-18, the OGR in Roanoke City was 89.99%, up from 59.06% a decade ago. With its diverse student body, most of whom are economically disadvantaged, it is important to RCPS that success is achieved equitably and that achievement gaps between subgroups of students are identified and challenged head-on. RCPS is one of the first school divisions in the nation to have an equity policy and to annually report on achievement data according to racial subgroups and economic factors, through its Equity Scorecard. The School Division continues to work against disparities in areas including the number of black students versus the number of white students enrolled in gifted or advanced programs, and the percentage of black students versus the percentage of white students who earned a Career and Technical Education (CTE) credential. One area where RCPS proudly achieved and has worked to maintain racial equity is in the OGR. Over the last three years, the percentage of black students and percentage of white students who graduated on time has been virtually identical, fluctuating only a few percentage points year over year.

Roanoke City Public Schools is a component unit of the City of Roanoke, and as such, is dependent primarily on city funding, and funding of public education from the Commonwealth of Virginia, to support its operations. In 2011, the Roanoke City Council adopted a School Funding Policy stating that city funding of schools will equal 40% of local taxes received by the City, less adjustments for certain revenues identified for specific other purposes. This funding formula helps RCPS plan during the budget process, and ties the fortunes of the City and the Schoolstogether in a positive way. Annually, a year-end true-up occurs based on actual final revenue totals, and the total funding for schools may increase or decrease accordingly, depending on whether tax revenues met, exceeded, or fell below budgeted projections. Few school divisions can boast of this level of commitment to education from their municipality. Roanoke City's elected officials and appointed administrators have consistently demonstrated their belief in Roanoke City Public Schools's motto: "Strong Students. Strong Schools. Strong City."

Governance Structure

As just noted, Roanoke City Public Schools is a component unit of the City of Roanoke, Virginia. The City of Roanoke is governed by a Council of seven elected officials, one of whom is elected as Mayor of the City of Roanoke. The City Council appoints a City Manager to carry out the day-to-day management and operations of city government and services.

Roanoke City Public Schools is managed by a seven-member School Board, the members of which are appointed by City Council. School Board members serve three-year terms, and can be reappointed to serve a total of up to three consecutive three-year terms. The School Board hires a Superintendent of Schools to carry out the day-to-day management of school operations and services.

Roanoke City School Board 2018-2019

Annette Lewis, Chairman Mark K. Cathey, Vice Chairman William B. Hopkins, Jr. Eli C. S. Jamison, Ph.D. Laura D. Rottenborn Lutheria H. Smith Dick Willis

Dr. Rita D. Bishop has served as Superintendent of Schools since her return to Roanoke on August 1, 2007, after having served for three years as Superintendent of Schools in Lancaster, Pennsylvania. Dr. Bishop served as Associate Superintendent for Instruction in Roanoke City Public Schools from 1994-2004. Dr. Bishop holds a Doctor of Education in educational policy planning and administration from the University of Southern California, a Master of Arts in counseling psychology from the University of Santa Clara, and a Bachelor of Arts in English and speech from the University of Nevada.

The School Division's executive leadership team for 2019-20 includes the following administrators:

Dr. Dan Lyons, Deputy Superintendent

Ms. Sandra Burks, Executive Director for Human Resources

Dr. Julie Drewry, Executive Director for School Improvement

Mr. Timothy Hahn, Executive Director for Student Support Services

Mrs. Kathleen Jackson, Chief Financial Officer

Mr. Greg Johnston, Executive Director for K-5 Instruction

Mr. Chris Perkins, Chief Security Officer

Mrs. Hayley Poland, Executive Director for Special Education

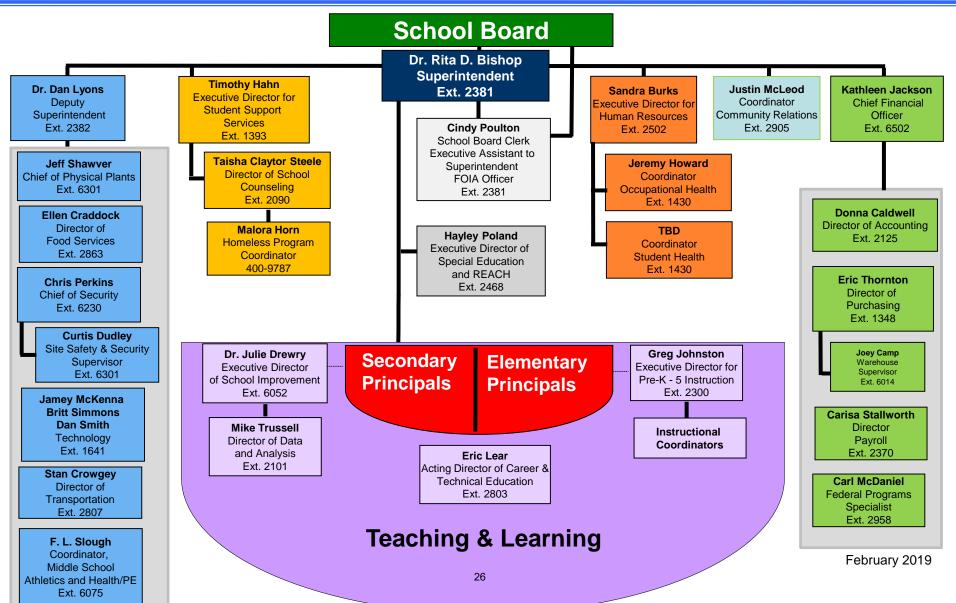

Mrs. Taisha Steele, Executive Director for School Counseling

The administrative leadership structure is illustrated in the **Organizational Chart** on the next page (this is the most recently approved Organizational Chart as of the date of this document's printing).

Roanoke City Public Schools

2018-19 Chart of Organization

Mission and Vision

MISSION

Graduate students prepared for life in a rapidly changing world.

VISION

To be a model for urban public education.

While individual schools around the country have risen to this standard, no Division has comprehensively performed at this level. We owe it to our children to set a very high bar. With persistence, dedication, creativity, and student focus, we will reach our vision.

What does the vision mean? Our students will have the skills to be successful and the opportunities to reach their full potential regardless of income, ethnicity, disabilities, or other challenges.

Strategic Goals

In its 2015-2020 Strategic Plan, Roanoke City Public Schools identified three main goals:

- Raise the level of academic achievement for all students
- Intentionally close the achievement gap
- Graduate 100% of our students

With these three primary goals in mind, the Division has identified five performance measurements that are the foundation for achieving its vision to be a model for urban public education.

They are:

- All schools will achieve and maintain accreditation based on Virginia's Standards of Learning (SOL) tests.
- All schools will meet and sustain federal government standards as outlined in the Every Student Succeeds Act (ESSA).
- The high school graduation rate will meet or exceed that of the Commonwealth of Virginia.

CORE BELIEFS

We believe:

- Our diversity is a source of strength.
- Our schools must be safe.
- All students are capable of meeting high expectations.
- We are accountable for our students' success.
- Every individual in our Division contributes to student success.
- We have a responsibility to work collaboratively with our families.
- Respect, trust, and honest communication are the foundation of successful and productive relationships.
- The vitality of our community depends on a strong school system.

- Roanoke City Public Schools will continue to submit evidence as a high performance organization.
- The City's strategic plan and other community organizations' strategic plans will have components addressing the success of our students.

The School Division's strategic plan for meeting these performance measures and achieving its strategic goals is organized into four strategic focus areas:

- Master teaching in a diverse urban environment
- Create an optimal urban learning environment
- Develop a high-performing organization
- Collaborate with the City, business, community and faith-based organizations to provide a better-prepared student

All school division spending supports these four strategic focus areas in various ways, and assigning specific spending to one strategic area versus another is difficult. In order to reflect the 2019-20 budget by strategic focus area, each cost center and grant budget was reviewed, and their budgets were divided across each of the strategic priorities within these four focus areas to which some or all of the individual budget was deemed applicable. While this is not an exact science, the budget breakdown by strategic focus area illustrated below gives a sense of the priorities on which the majority of budget dollars are expected to be spent. Not surprisingly, the majority of budget is assigned towards efforts to master teaching in a diverse urban environment, and create an optimal urban learning environment.

Budget Development Policies and Regulations

Regulations Guiding the Budget Process and Timeline

The Code of Virginia requires school division superintendents to develop an itemized budget to be presented to and adopted by the School Board each year (§ 22.1-92). That same code requires the School Board to in turn submit that budget to the governing body, in this case, the City of Roanoke. The Code of Virginia § 22.1-93 requires that the city approve its budget for educational purposes by May 15, or within 30 days of receiving an estimate of state funds for public education, whichever is later. Once the city has approved its annual budget, the School Division must publish its budget in line item form. In order to meet its obligations under this state timeline, the City of Roanoke requires by City Code § 33 that the School Board (and other boards and departments) provide a budget estimate to the city manager no later than March 15.

The School Board of the City of Roanoke has adopted policies governing the school division's budget development and management process to, in part, ensure that RCPS is in compliance with the above stated requirements codified by the Commonwealth of Virginia and the City of Roanoke. School Board Policy DB requires that a categorical budget for the next fiscal year be adopted by the School Board by March 14 of the current fiscal year, in order to ensure that RCPS can meet the city's March 15 deadline. Policy DB also establishes the school division's fiscal year as beginning July 1 and ending June 30 of the following June.

Budget Classification Requirements

The categorical budget adopted by the School Board no later than March 14 refers to budgeted expenditures by categorical classifications as prescribed by the State Board of Education in the Code of Virginia § 22.1-115. RCPS develops a categorical budget that represents anticipated expenditures in the following categories:

- Instruction
- Administration, Attendance, Health and Technology
- Pupil Transportation
- Operations and Maintenance
- Debt Service
- Food Services
- Athletics

The budget detail found in the Financial Section is presented in accordance with these expenditure categories, as required.

Equitable Funding of Schools

Included in the RCPS Equity Policy (Policy DAB) is the School Board's commitment to seek the funding necessary to equitably fund the allocation of resources to every school. This policy is in keeping with Federal "supplement, not supplant" regulations that accompany Federal entitlement programs such as Title I-A Improving Basic Programs. As a school division serving a significant number of disadvantaged children, RCPS receives approximately \$8.5 million annually in Every Student Succeeds Act (ESSA) entitlement grants (Title I-A, II-A, III-A, IV-A, X-C) and \$3.6 million annually in IDEA entitlement grants. These funds must be used to supplement, not supplant, local funding.

In accordance with these requirements, RCPS utilizes a funding formula based on student enrollment to determine building allocations allotted to each school annually.

Fund Balance Policy

In Roanoke City, the School Division is permitted to retain any school-related fund balances in the School Board accounts, for use for school purposes in future years. On a day-today basis, the Fund Balance supports the School Division's cash flow needs that arise from time to time due to timing differences between receipt of funding allotments or grant reimbursements, and the expenditure of funds. More broadly, the Fund Balance has enabled the School Board to maintain steady progress during a volatile time period when without it, RCPS would have faced serious programmatic budget cuts. In the wake of the recession, the Roanoke City Council voted to implement a temporary, two-year additional 2% meals tax, 100% of which supported Roanoke City Public Schools. This additional tax was in place during Fiscal Years 2010-11 and 2011-12. This additional support was dubbed the "Eat for Education" campaign and citizens were encouraged to choose to eat out at city establishments instead of choosing those in surrounding areas because in doing so, they were directly supporting the public schools. This campaign was effective, and many restaurant owners who initially feared the higher city tax would cause patrons to eat elsewhere, found that their business increased during this period. The availability of American Recovery and Reinvestment Act (ARRA) stimulus funds during this same period resulted in RCPS not needing to immediately spend the additional local tax revenue in the years in which it was generated. This influx was the foundation for the current Fund Balance. In the years following the sunset of the Eat for Education meals tax, economic recovery was slow to occur. RCPS has relied on the Fund Balance to maintain and expand educational offerings and opportunities for students. To ensure the continued availability of a Fund Balance, and guide its future use, School Board Policy DBA was adopted on March 28, 2017. In accordance with this policy, a minimum of \$10 million must be held as a stabilization fund reserve within the Unassigned Fund Balance. At any time during the year the Superintendent can make a recommendation to the School Board for the use of the reserve. Use of the reserve can only be approved by an affirmative vote of at least five (5) members of the School Board. The Policy allows for the use of unassigned fund balance in excess of the required reserve for annual operating expenses as approved through the annual budget process, or for capital, unplanned, or other one-time needs, by a majority vote of School Board members present.

Basis of Accounting for Financial Reporting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. The fiduciary fund financial statements of the student activity funds are reported on an accrual basis.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School Board considers non-grant related revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences are recorded only when payment is due.

Interest income and grant revenue associated with the current fiscal period is considered to be susceptible to accrual and has been recognized as revenue of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the district.

Agency fiduciary funds are unlike all other types of funds, reporting only assets and liabilities, and are reported on the accrual basis.

The School Board reports the following major governmental funds:

The *General Fund* is the School Board's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Food Services Fund is a special revenue fund that accounts for the proceeds of specific revenue sources, legally restricted to the operation of the school food service program. The primary source of funding comes from the National School Lunch Program and the School Breakfast Program as provided by the Federal Government and the majority of the remaining funds come from operational receipts.

The School Grants Fund is a special revenue fund that accounts for the proceeds of specific revenue sources (other than the school food service program) that are restricted to expenditures for specified purposes. The primary source of grant funding comes from awards made by the Federal Government with the majority of the remaining funding coming from the Commonwealth of Virginia.

Additionally, the School Board reports the following funds:

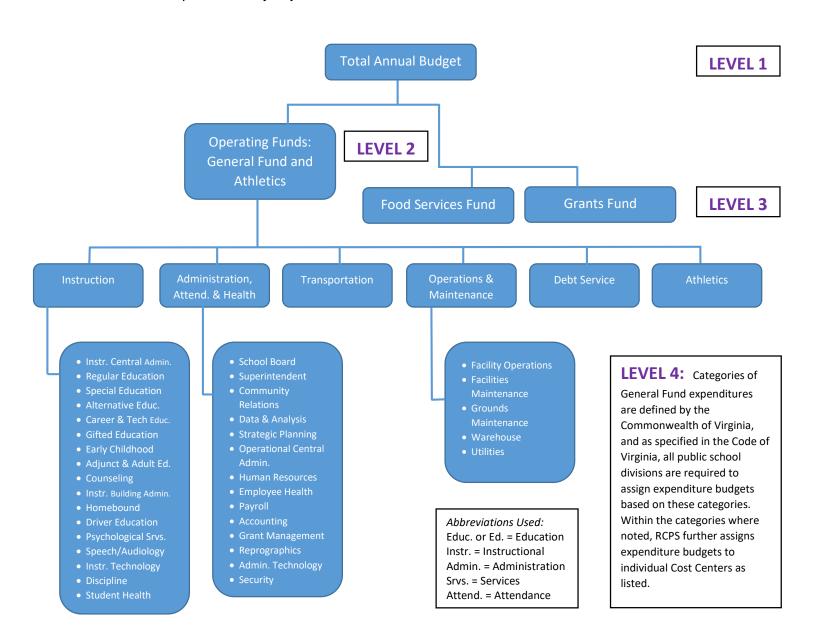

The School Activity Fiduciary Funds account for assets held by the twenty-four Roanoke City Public Schools, the Roanoke Technical Education Center (ROTEC), the Roanoke Valley Regional Governor's School, the Noel C. Taylor Learning Academy, Forest Park Academy and the Adult Education program. These agency funds are custodial in nature, and do not involve measurement of results of operations.

The School Board has established a comprehensive internal control framework designed to both safeguard the district's assets against loss from unauthorized use or theft and to properly record and adequately document transactions in order to compile information for the presentation of the School Board's financial statements in conformity with generally accepted accounting principles (GAAP).

The School Board maintains budgetary controls to ensure compliance with the annual appropriated categorical budget adopted by the School Board. In accordance with state law, the advertised and adopted budget is submitted to City Council for adoption and appropriation. City Council includes the School Board adopted budget with the City budget, which is in turn advertised and adopted by May 15. The School Board exercises management control over the budget at the cost center level within each fund, however, the budget is legally adopted at the fund level. The School Board also maintains an encumbrance accounting system as an additional method of accomplishing budgetary control. Activities of the General Fund and Food Services Fund are included in the annual appropriated budget. Multi-year programs are appropriated separately for the School Grants Fund.

Budget Structure and Classifications

The annual budget for Roanoke City Public Schools is legally adopted at the fund level by City Council as part of the City of Roanoke annual budget. The School Board approves a budget, referred to as the Categorical Budget, which breaks down the General Fund expenditure budget into categories defined by the Virginia Department of Education. This is the format in which the budget is provided to the City Manager on or before March 15 as is required by City Code. To manage its operations, RCPS breaks the categorical expenditure budget down into cost centers, and tracks expenditures by object code line items.

The system of object codes used to specifically identify types of expenditures has been developed to align with the chart of accounts established by the Virginia Department of Education (VDOE) for reporting purposes. Object Codes are defined as follows:

- PAYROLL costs for all full and part-time employees, as well as overtime costs, pay for supplemental duty, and any other allowances.
- FRINGE BENEFITS include the costs of all benefits provided to or on behalf of employees including Social Security, life insurance, retirement savings, medical, vision and dental insurance coverage, and unemployment.
- PURCHASED SERVICES include all contractual services required for the operations of the school division. Examples include repair and maintenance services, school nursing services, school bus transportation, and school nutrition services.
- INTERNAL SERVICES are those services provided by one functional area of the school division to another. In RCPS, the Print Shop operates as an Internal Service.
- OTHER CHARGES covers an assortment of costs including utilities, postage, insurance, rentals, and travel.
- MATERIALS AND SUPPLIES include expenditures for consumable commodities.
- CAPITAL OUTLAY includes purchases of equipment items where the individual item value is \$500 or more. The capitalization threshold for RCPS (above which assets must be depreciated) is \$5,000, but the school division has many important assets with an individual item value less than \$5,000 (for example, computers) that have a useful life of several years and that need to be tracked and maintained.

Revenue is budgeted by revenue source using the following categories:

- CITY OF ROANOKE revenue reflects the annual allocation of funds made by the City of Roanoke for the operation of schools. Excluding local taxes specified for particular purposes, such as civic center admissions tax, RCPS receives 40% of annual local tax revenue from the City of Roanoke to fund public education.
- COMMONWEALTH OF VIRGINIA funding represents RCPS's share of K-12 funding budgeted annually by the Commonwealth of Virginia. The majority is in the form of basic aid to fund the state's share of state determined minimum quality standards based largely on Average Daily Membership (required to be measured March 31 annually and reported to the state). Other state funding is allocated for specific programs or through statesponsored competitive grant programs.
- FEDERAL GOVERNMENT funding is almost always exclusively reflected in the Food Services Fund and the Grants Fund. It comes in the form of USDA Food Program reimbursements, and funding through Federal grants and entitlement programs such as Title I-A and IDEA Special Education funding.
- OTHER AGENCIES revenue includes any revenue anticipated from other government agencies or organizations. For RCPS, this primarily includes payments from other participating school divisions for Roanoke Valley Governor's School tuition (RCPS hosts the Governor's School and is fiscal agent).
- CHARGES FOR SERVICES includes anticipated revenue from cafeteria sales, tuition paid by other school division for regional programs like the Roanoke Valley Governor's School, and payments for summer school classes.
- ATHLETICS includes anticipated gate receipts from athletic events throughout the year.
- OTHER REVENUE encompasses all other sources of revenue, which can vary from year to year. This can include interest income, donations, and prior year refunds or rebates.

Budget Development Process

Total Operating Funds Budget Development Process and Timeline

Budget development begins each fall with the Chief Financial Officer and Accounting Department staff updating non-personnel budget request templates and looking at the cost implications of various potential employee salary increases. Nothing can be seriously considered, however, until revenue information becomes available. The first look at revenue projections for the coming year takes place each December. The Governor typically introduces the state budget around the middle of December, or shortly thereafter, and the Virginia Department of Education makes an allocation template available with which school divisions can see the individualized impact on their budget. The City of Roanoke Finance Department also provides a first look at City revenue projections, and by extension City funding of Schools, on or around December 15.

Department managers with budget responsibility are asked to submit non-personnel budget requests annually by mid-December. Personnel needs are to be discussed with the Executive Director for Human Resources and the Superintendent.

The Commonwealth of Virginia adopts its budget in two-year increments, though there is an opportunity for changes and updates in advance of every fiscal year. 2019-20 marks the second year in the 2018-2020 biennial budget period. The Governor presented proposed amendments to the 2019-20 budget in December in what is referred to as the "Caboose Bill." The Virginia General Assembly convened its regular session on January 9, 2019, and the Caboose Bill went to both houses for action. The House of Delegates and the Virginia Senate each produced their own versions of the budget bill, and then worked to come to agreement and ultimately adopt a final budget bill on February 24, 2019. After the veto session, through which no changes to public school funding were made, the 2019-20 budget for the Commonwealth of Virginia was adopted May 2, 2019.

The City of Roanoke holds budget workshops on the first Monday of every month beginning in January. Updates to revenue estimates are presented at these meetings and the school division is kept informed about shifts in the projected funding for schools as the city's budget development progresses.

All initial budget work is focused on development of the Categorical Budget for forwarding to the City Manager by March 15. Budget discussions with the School Board begin with the December School Board meeting and continue at each monthly School Board meeting January through March. In addition, budget workshops are also held in January and February. A public hearing on the budget is held prior to the February School Board meeting, in accordance with the Code of Virginia § 22.1-92. The public hearing for the 2019-20 budget was held on February 12, 2019.

Once the Categorical Budget is approved, Accounting Department staff and the Chief Financial Officer, with input from executive leadership and budget managers, work to flesh out the detailed line item budget under each categorical expenditure area. The final detailed budget is presented to and endorsed by the School Board on or before June 30, typically at the regularly scheduled June School Board meeting.

Ongoing

Year Round

- Accounting Department prepares monthly reports for budget managers
- •Revenue and Expenditure data is provided to the School Board on a monthly basis to ensure reasonable progress

The 2018-19 budget marked the first year that RCPS developed a new budget format designed to meet the best practice standards for school budgeting established by the Association of School Business Officials International (ASBO). The 2019-20 budget follows this same new format, with some changes in how information is displayed, and some additional detail added, in response to both School Board recommendations and reviewer recommendations received from the ASBO review team in response to the 2018-19 budget.

Capital Improvement Plan Development

A schedule of capital improvement needs is developed and maintained by the Deputy Superintendent and the Chief of School Plants. This schedule is analyzed annually and reprioritized as needed. As Roanoke City Public Schools is a component unit of the City of Roanoke, school buildings and grounds are the property of the City, not the schools. As part of the funding arrangement with the City, the School Board takes responsibility for maintaining the physical assets designated for school use, and the School Board takes responsibility for paying the debt service on bonds issued to fund school improvement projects. A long-standing agreement between the City of Roanoke and the School Board apportions \$5,000,000 of the city's annual debt issuance for school capital projects. Occasionally, as needs arise and funding is felt to be available, the School Board may request a larger allotment of bond funding. The most pressing capital need currently is renovation and expansion of Fallon Park Elementary. Analysis of the project possibilities determined that building a new school, as opposed to extensively renovating the existing structure, was the best option in terms of cost, long-term value, and minimizing disruption to student learning. RCPS requested, and was granted, additional capital funding in FY18 and FY19 in order to proceed with this new build. In FY20, RCPS will return to a \$5,000,000 per year portion of bond proceeds for building updates and renovations.

The five-year Capital Improvement Plan is updated for the coming fiscal year each January and February, with the plan typically going to the School Board for approval at each year's February School Board meeting. The Capital Improvement Plan covering FY2020 – FY2024 was presented to and approved by the School Board on February 12, 2019.

Budget Administration and Management

Administrators with budget responsibility are the first point of authority in spending decisions out of their budget area. Depending on the categorical spending area, the purchase requisition also routes to other director or executive director level administrators for review and approval. All purchase requisitions with a total value of \$5,000 or greater also route to the Chief Financial Officer for review and approval. Before a purchase order is issued, the final review of a purchase requisition rests with the Purchasing Department. The Purchasing Department checks to make sure that appropriate purchasing procedures were followed in accordance with School Board Policy and the Virginia Public Procurement Act.

The Accounting Department prepares monthly reports for budget managers showing the original budget, year-to-date funds expended and encumbered, and balances remaining. This report helps budget managers keep track of their funding status and plan for future needs throughout the year.

Revenue and Expenditure data is shared with the School Board on a monthly basis. Year-to-date experience as a percentage of budget is used to help project year-end totals. This is done by comparing the current percentage of budgeted revenue received and expenditures incurred, to the three-year averages of the percentage of actual total revenues received, and the percentage of actual total expenditures incurred at each month-end point throughout the year.

FINANCIAL SECTION

THIS PAGE INTENTIONALLY LEFT BLANK.

2019-2020 ROANOKE CITY PUBLIC SCHOOLS TOTAL BUDGET

The total division budget includes the Operating Fund, which is referred to as the General Fund by Roanoke City Public Schools (RCPS). Though Athletics revenue and expenditures are tracked separately, Athletics activity is part of Operating Funds. Food Services is the second fund operated by RCPS, and the Grants or Restricted Fund is the third and final budgeted fund.

Historically, RCPS has included transfers as part of its expenditure and revenue budgets. In accordance with best practices in budget reporting, transfers between funds have been broken out and reported separately in the budget detail to follow. However, to ease comparative review for regular users of RCPS budget documents, each fund is reported here first using the historical method, followed by an explanation of reporting changes that align to the final budget presented on the following pages.

| General Fund | \$151,000 in local match required to receive state technology | Grants Fund |
| | funding | |
| Food Services | \$300,000 in anticipated indirect costs | General Fund |
| Fund | | |

Total expenditures across all funds are budgeted to be \$215,836,305. RCPS anticipates \$211,381,632 in revenue in 2019-20. The variance is budgeted to be funded by \$4,454,673 from Fund Balance; \$4,164,673 from the General Fund and \$290,000 from the Food Services Fund.

The General Fund is the basic operating fund for the school division. It is used to account for all funds except those that are restricted for other uses and accounted for separately. Funding of General Fund activity comes from the City of Roanoke, the Commonwealth of Virginia, charges for services and athletic events, and miscellaneous other sources.

The Grants Fund, sometimes referred to as the Restricted Fund, separately accounts for programs made possible by grants or otherwise restricted funds. RCPS receives extensive support through both federal and state entitlement programs, and competitive grant opportunities. Prior to 2018-19, RCPS presented its Grants Fund budget as the total funds anticipated through new award totals, and any expected carryover of funds from prior year awards (when the award period covers more than one fiscal year). This budget provides a more detailed reporting of grant budgets, and thereby reflects the anticipated total budgeted revenue and expenditures by grant program for 2019-20, regardless of whether the funds are prior year carryover or new award dollars. This is an important distinction, particularly in terms of revenue. In accordance with Generally Accepted Accounting Principles (GAAP), revenue is recognized in the period in which it is earned. Most grants are awarded on a reimbursement basis, meaning that RCPS must expend the funds up front and submit a reimbursement request to the awarding entity documenting the expenditure of funds on allowable costs before the grant funds will be released. Since grant revenue is considered earned once it has been spent, and many award periods cover two or more years, the period in which the revenue is recognized is not necessarily the same period in which the grant award was originally made.

Some restricted funding programs, as a condition of award, require that a certain percentage or amount be spent on the project out of local funds. This is referred to as a local match or local share. In order to account for these project related costs and be able to clearly show how the proper amount of local funds were spent on the project, local share is transferred from the General Fund to the Grants Fund, and all grant program related expenses are accounted for together (though local match expenditures are identified by a designated element within the account code).

The *Food Services Fund* is a special revenue fund that supports food and nutrition services throughout Roanoke City Public Schools. It is a self-sustaining fund in which annual revenues are from three sources: federal food programs, state food programs, and cafeteria or catering receipts. In 2015-16, RCPS began participating in the Community Eligibility Provision (CEP) through which 19 schools qualified for all students to receive free lunch. Beginning in 2018-19, RCPS anticipates receiving approval to expand its CEP participation to provide free lunch at 24 out of 26 school sites. At these schools, the community needs are such that individual families no longer have to fill out applications and prove qualification for free or reduced price school lunch. That administrative burden is lifted off the families and our Food and Nutrition staff, as is the very real possibility that students whose parents or guardians cannot, or will not, fill out the application form, go without. Students at the remaining two schools can still qualify for free or reduced price school lunch through the traditional method.

Change in Use of Fund Balance – RCPS has a history of strategically leveraging its General Fund fund balance to ensure consistent service delivery and the school division's ability to meet the changing, and in many areas increasing, needs of its students. Since 2012-13, the first year RCPS budgeted to utilize Fund Balance to support planned services, RCPS has never utilized the full amount of Fund Balance budgeted. Budgeting a portion of fund balance allowed RCPS to stabilize its service delivery in the years following the great recession when the economy was slow to recover, long after Federal stimulus funds and other temporary resources had ended. Revenue sources continue to be unpredictable, as are significant influencers of annual expenditures such as health care claims and salary lapse. Approved use of fund balance provides the potential funds necessary for the school division to continue moving forward.

That said, fund balance is also important for meeting cash flow needs throughout the year, and providing a sustained stabilization fund for true emergencies or catastrophic changes in revenue. RCPS has worked to curtail its reliance on Fund Balance in recent years, and as the three-year budget projections included on the Operating Fund budget indicate, RCPS is currently projecting a balanced budget by 2021-22.

In the Food Services Fund, maintaining a fund balance that covers three-months of expenditures is considered best practice. The Virginia Department of Education Office of School Nutrition Programs monitors this among Virginia school divisions. RCPS has had favorable experience in recent years, and as a result, has built its fund balance to a level that is slightly beyond a three-month reserve. RCPS has submitted a plan to the VDOE for utilizing the surplus for necessary food services equipment at various schools. That approved plan resulted in the budgeted use of fund balance in the Food Services Fund in 2019-20 of \$290,000. This planned use of Fund Balance could change depending on final 2018-19 year-end balances.

In approving the 2018-19 Budget, the School Board voted to use up to \$2 million out of General Fund Fund Balance to complete capital improvements deemed necessary to improve the security and accessibility of several school buildings. All identified projects could not be completed within one year, due to the availability of contractors and materials, and the need to minimize disruption to student learning. Any remaining funds already appropriated for these projects will be set aside as committed fund balance to continue to be used as intended to complete these projects in 2019-20. The total carry-forward is expected to be \$725,000, though the final carry forward amount will be determined through the 2018-19 year-end closing activities and annual audit process. These funds are reflected separately within this budget because while they are funds expected to be expended in 2019-20, they are previously appropriated FY2019 budgeted funds.

BUDGET DISCUSSION

Other Post-Employment Benefits (OPEB)

During fiscal year 2018, the School Board adopted GASB Statement No. 75, Accounting and Financial Reporting for Post-employment Benefits Other Than Pensions. This standard replaced the requirements of GASB Statement No. 45 as it related to governments that provide

post-employment benefits other than pensions. The new statement required governments providing defined benefit post-employment benefits to recognize the long-term obligation for those benefits as a liability for the first time, and to more comprehensively and comparably measure the annual costs of other post-employment benefits. As a result of this new standard, the school board recognized a net OPEB liability of \$19,739,000 on the entity wide Statement of Net Position. Deferred Outflows related to OPEB were \$1,520,767, and Deferred Inflows related to OPEB were \$984,808. There was a net OPEB asset for the non-teacher HIC plan totaling \$16,209.

Revenue

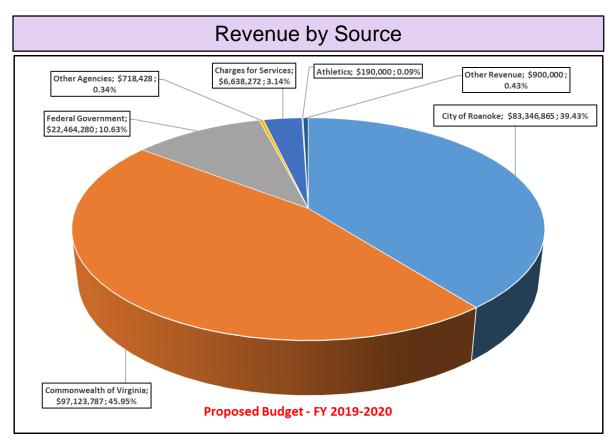

Commonwealth of Virginia Funding

State Revenue is apportioned to Virginia public school divisions primarily based on formulas dependent on each school division's average daily membership (ADM). Standards of Quality Programs are the main source of funding. Standards of Quality (SOQ) are the levels of service identified by the Virginia Department of Education as the minimum service required to provide quality public education. Funding for the state's share of basic aid costs, textbooks, gifted and special education, fringe benefits for SOQ positions, English as a Second Language services, and remediation are allocated. Other funding areas include funding for at-risk youth, early reading interventions, homebound instruction, and reducing class sizes in grades K-3. There are other specific programs partially funded with state funds that RCPS accounts for within the Grants Fund because of their specific restricted use. These include funding for Governor's Schools, Special Education Regional Program tuition, the Virginia Public Schools Authority (VPSA) Technology Initiative, the Mentor Teacher Program, and Project Graduation. State funding in support of school breakfast and lunch is accounted for within the Food Services Fund. All major state funding areas require that localities share proportionately in the cost of services. Each locality's share is determined through the calculation of the Local Composite Index (LCI) of local ability to pay. This is calculated by the Virginia Department of Education at the start of each new biennial state budget. It takes into consideration true value of property, adjusted gross income, taxable retail sales, population estimates, and the school division's ADM. State-wide, Virginia funds approximately 55% and localities fund 45% of direct aid, but the actual split depends on local ability to pay as calculated through the LCI.

Roanoke City Public Schools Local and State Share

| | 2014-16 | 2016-2018 | 2018-2020 |
|-----------------------|---------|-----------|-----------|
| LCI | .3592 | .3443 | .3416 |
| State Share | .6409 | .6557 | .6584 |
| Change in Local Share | | (.0149) | (.0027) |

Though this data indicates that Roanoke City's demographics qualify for a greater than average share of SOQ funding from the state level, RCPS, like most other Virginia school divisions, finds that total costs to truly provide the quality education our students need and deserve far exceed those minimum levels identified and funded by the Commonwealth. This is evident in the breakdown of budgeted revenue sources across all funds:

The Commonwealth of Virginia's 2018-2020 biennial budget, as it was originally adopted, included additional funding for public education in the second year of the biennium for the state share of a 3% salary increase for positions defined by the Virginia Department of Education (VDOE) as those necessary to meet the VDOE's definition of minimum standards of quality. See the Expenditure Discussion for further explanation of Standards of Quality (SOQ) positions. With its 2019 amendments to the biennial budget, the Virginia General Assembly included additional funds for the state share of up to a 5% average salary increase for SOQ positions. RCPS additionally expects increased state funding as a result of growing student enrollment. At the beginning of the 2019-20 budget process, the school division was projecting no increase in ADM, and used the same expected ADM of 12,850 as was used in the 2018-19 budget. This was in direct response to the small decline experienced between 2016-17 and 2017-18. With March 31, 2019 counts now available, RCPS revised its 2019-20 projection up, though is still keeping it conservative in light of recent experience.

| | March 31 ADM |
|---------|--------------|
| 2015-16 | 12,791 |
| 2016-17 | 12,825 |
| 2017-18 | 12,823 |
| 2018-19 | 12,898 |

| | 2019-20 Budget – ADM Projection Used | 12,875 |
|--|--------------------------------------|--------|
|--|--------------------------------------|--------|

City of Roanoke Funding

RCPS has been able to make great strides in academic improvement and achievement in large part because of the value placed on education by city leaders through the 40% revenue sharing formula in place for local funding of schools. Excluding local taxes specified for particular purposes, such as civic center admissions tax, RCPS receives 40% of annual local tax revenue from the City of Roanoke to fund public education. That share in FY20 is expected to amount to approximately 2.6% more than was budgeted in the previous fiscal year. The City of Roanoke has budgeted \$83,346,865 in funding for RCPS in 2019-20. All City of Roanoke funding for schools is budgeted to General (Operating) Fund.

Federal Government Funding

Federal funding for RCPS comes primarily in the form of entitlement grant funds, and all Federal funding is accounted for in the restricted Grants Fund or Food Services Fund. Due to the demonstrated needs of Roanoke City students, measured in part by the high percentage of students who qualify for free or reduced price school lunch, RCPS qualifies for annual allocations from the Every Student Succeeds Act (ESSA) entitlement programs including Title I-A Improving Basic Programs, Title II-A Improving Teacher Quality, Title III-A Language Instruction for Limited English Proficient and Immigrant Students, and the recently introduced Title IV-A Student Support and Academic Enrichment. RCPS also receives significant federal funding in support of students with disabilities through the Individuals with Disabilities Education Act (IDEA) entitlement programs. Budgeted Federal grant revenue is expected to remain fairly flat year-over-year with the exception of Title IV-A. That funding became available to RCPS in 2017-18 and the available allocation in 2018-19 was significantly higher than the program's inaugural year. RCPS received an award of \$493,507 in 2018-19 as compared to \$170,520 in 2017-18. RCPS expects the FY2020 award to be comparable to the 2018-19 award amount, and has budgeted accordingly.

Competitive Federal grant programs, for which RCPS is qualified to apply, come available from time to time. It is the school division's practice not to budget for competitive grant award revenue unless the school division received a multi-year grant award in a prior year, and as a result has confirmed revenue expectations for the future years covered by the grant award period.

By increasing the number of schools participating in the USDA Community Eligibility Provision (CEP) in 2018-19, a program that provides for completely free breakfast and lunch for all students at qualifying schools, RCPS expects an increase in Federally funded meals (and a decrease in cafeteria sales). RCPS first joined the CEP in 2015-16 with 19 of 26 school locations where meals are served. Beginning in 2018-19, all but two schools are now in the CEP. The 2019-20 budget reflects this year-over-year expected difference.

Revenue from Other Agencies

Other Agency receipts is budgeted exclusively within the restricted Grants Fund and chiefly reflects tuition payments received annually from the other local school divisions who participate in the Roanoke Valley Governor's School for Science and Technology. All participating school divisions pay tuition for their selected number of student slots (RCPS's tuition is reflected as a transfer from the General Fund) at the school. The school is funded by a combination of state support and the tuition paid in by all participating school divisions. The Governor's School has a board of directors made up of representatives of all participating school divisions. That board sets tuition rates and adopts its own budget annually. RCPS hosts the Governor's School and serves as the fiscal agent.

Charges for Services

Charges for Services includes payment for student or staff cafeteria meals and some catering in the Food Services Fund; payments for summer school, internal printing services, adult education, and facility rental in the General Fund; and payment accounted for in the restricted Grants Fund from the Roanoke Valley Special Education Regional Board for regional classes hosted by RCPS.

RCPS is budgeting a decrease in revenue from cafeteria sales in 2019-20 based on available 2018-19 experience. Though predicting the size of the decrease was difficult, RCPS expected a decline in payments because more schools began to participate in the USDA Community Eligibility Provision (CEP) in 2018-19. This adjustment is reflected in the 2019-20 budget.

Charges for Services in the General Fund remain fairly steady from year to year, so minimal differences are budgeted for FY2020 or future years. The biggest area of charges for services is the payment RCPS receives from the Roanoke Valley Special Education Regional Board for regional classes hosted by this school division. The intent of regional special education programs is to share services, particularly for low incidence disability areas. The Virginia Department of Education is in the process of implementing changes to how this program is operated, and it could function very differently in the years ahead. RCPS has not received any guidance, other than an assurance that changes would not take effect in 2019-20, so at present, FY2020 and beyond are budgeted in a consistent manner.

Athletics Revenue

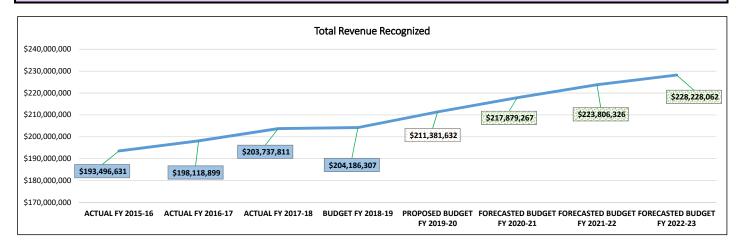

Athletics Revenue is part of total Operating Funds and accounts for anticipated gate receipts from athletic events throughout the year. These totals can vary depending on athletic schedules and the extent of conference play. While this revenue could be considered a part of Charges for Services, both revenue and expenditure data is broken out because the Roanoke City School Board has long desired the ability to view and analyze athletic budgets and activity independently.

Other Revenue

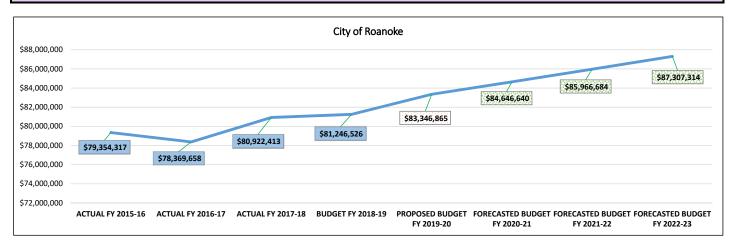

Other Revenue encompasses a variety of smaller revenue sources including donations, obsolete equipment sale, vending commissions, prior year rebates and refunds, and interest income. This revenue area is unpredictable and can vary significantly from year to year. RCPS is budgeting no change in this area for FY2020.

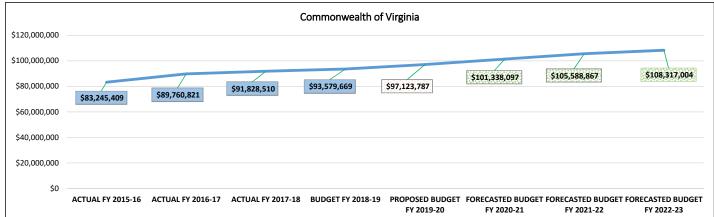

The following line graphs show the eight-year trend for the school division's revenue overall, and separated out by each major revenue source.

Revenue Eight Year Trend

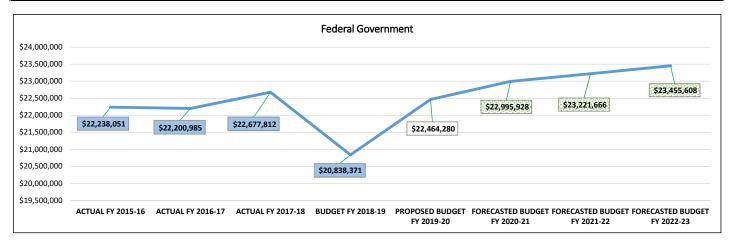

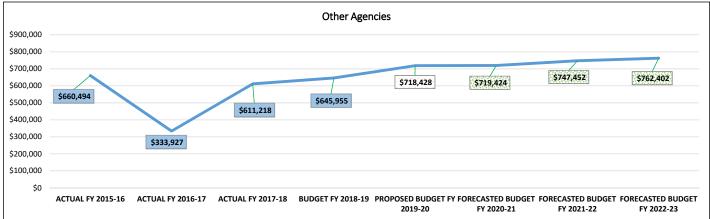

Revenue Sources

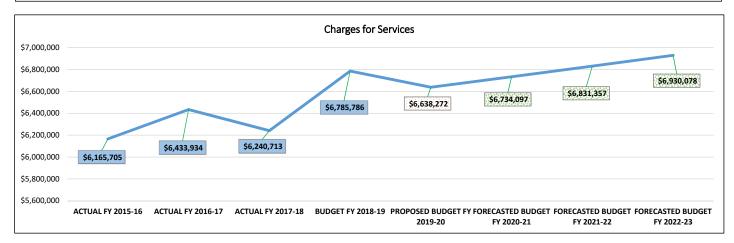

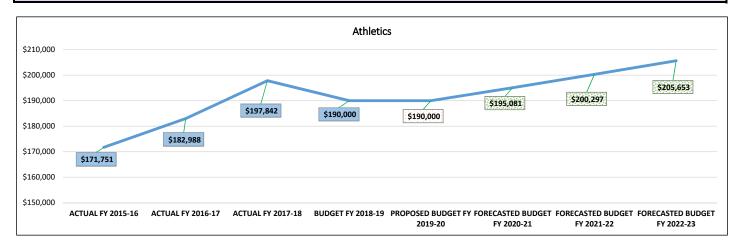

Revenue Sources

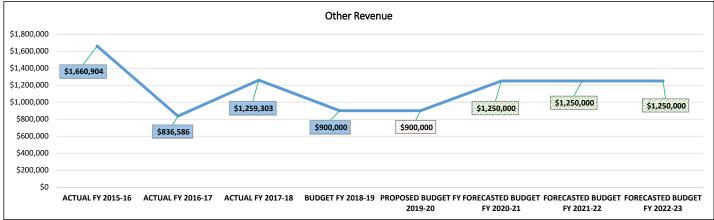

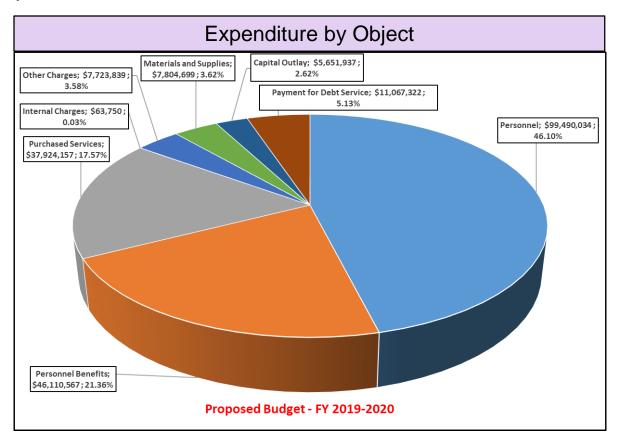

Revenue Sources

Expenditures

With its 2019 amendments to the Commonwealth's 2018-2020 biennial budget, the Virginia General Assembly included additional funds for the state share of up to a 5% average salary increase over the biennium for positions defined by the Virginia Department of Education (VDOE) as those positions necessary to meet the VDOE's definition of minimum standards of quality. Standards of Quality (SOQ) positions are those deemed by the Virginia Department of Education (VDOE) to be the minimum necessary, based on student enrollment, for a school division to be able to provide a quality education. Most, if not all, school divisions in Virginia find that far more staffing and other supports are necessary to be able to truly meet student needs and provide a quality educational experience. School divisions must be able to fund the local share for SOQ positions, plus fully fund any positions beyond state-defined SOQ, each year.

RCPS implemented an average 2% increase in 2018-19, so at least an average increase of 3% is needed in 2019-20 in order to access the full amount of state funding available. The administration chose to meet this requirement in part through a comprehensive overhaul of Roanoke City's professional (teacher) salary scale. These changes allowed the school division to correct for issues that largely resulted from the period of years during and immediately following the Great Recession when salaries were frozen. Contingent upon sufficient funding from the state in 2020-21, RCPS intends to complete the implementation of its new teacher salary scale over a two-year period. Once implementation is complete, the starting teacher salary will increase by almost \$2,000, and there will be a uniform percentage increase between steps which will allow for both step and scale raises in future years, helping RCPS's teacher pay keep pace with inflation and surrounding school divisions. The average increase across all positions being implemented is expected to be 3.4% in 2019-20. The school division also increased, and made more uniform,

supplements provided for graduate coursework completed beyond what is required for the teaching or administrative position held.

Personnel needs are expected to stay fairly level year-over-year for 2019-20. Enrollment increased in 2018-19, but growth has been slow, so the school division does not anticipate needing a significantly different number of teachers or other instructional personnel as a result. Where RCPS does see a growing need for increased personnel resources is in addressing childhood trauma and student mental health needs. RCPS is adding a combined total of nine new school counselor and social worker positions for the 2019-20 school year. RCPS is a trauma-informed school division that recognizes the significant impact adverse childhood experiences can have on a student's ability to learn and successfully navigate the school environment. Helping students through those challenges so they can persevere is a top priority, and one that will continue to get focus and additional resources as necessary and available in the years ahead.

The percentage of salary employer contribution towards the Virginia Retirement System (VRS) is established at the beginning of the biennium, but can be changed if deemed necessary. No mid-year change was implemented by the General Assembly, so the VRS rate stayed the same as last year at 15.68%. A small number of employees participate in the City of Roanoke's retirement plan instead of VRS. That employer contribution decreased slightly from 13.87% in FY2019 to 13.21% in FY2020. Health insurance is one of the biggest drivers of employee benefit costs annually. RCPS changed its health coverage to carve out pharmacy coverage beginning January 2019, because of significant projected savings to employees and the school division. Because RCPS's health coverage is a self-funded plan, ultimately, the school division's costs are depending on claims experience. Experience in Calendar Year 2018 was favorable, but the first quarter of Calendar Year 2019 saw a significant increase in claims. Because of this volatility, RCPS is again budgeting for a 10% increase in premiums beginning January 2020.

The budget for Pupil Transportation reflects a significant decrease compared to the prior year. RCPS outsourced its pupil transportation services a decade ago. As that initial contract (and one renewal as was allowed by contract) was coming to an end in 2018-19, a Request for Proposals (RFP) process was initiated. This resulted in a new contract that will begin with the 2019-20 school year, that includes significant savings.

The budget for Operational Central Administration was increased in 2018-19 because RCPS expected to begin implementing a new Enterprise Resource Planning (ERP) system during the year. This implementation did begin in 2018-19 as expected. The new system will be in use for the 2019-20 fiscal year. Some elements of the implementation will still be in process during the first few months of 2019-20, and we expect to run the legacy system for some months in FY20 to ensure complete and accurate data transfer has occurred. However, the bulk of the implementation and associated cost was budgeted, and will have been incurred, in 2018-19. This, combined with savings on property and liability insurance coverage, resulted in the expected reduction in needed funds for Central Administration Operations.

A notable budget increase was applied to the Operations and Maintenance area for 2019-20. This is in response to growing needs for repairs or replacement of capital systems and equipment such as heating and air units in schools, and other upkeep of aging school buildings. While RCPS primarily uses bond proceeds for capital improvements, division administrators are mindful of the need to utilize those funds for larger projects such as extensive school renovation or replacement.

The budget for Debt Service expenditures is another area where a sizeable year-over-year decrease can be seen. In 2017-18 the City of Roanoke changed its methodology for issuing debt and began using Bond Anticipation Notes (BANs) to better align the sale of bonds with the anticipated timing of the projects to be funded. Bonds were not sold in 2017-18 or 2018-19, and instead BANs were issued. RCPS, therefore, is paying its share of interest from the portion of the BANs funding new school capital projects, and will not have principal payments from the Fallon Park Elementary projects until 2020-21 (bonds are expected to be sold in the spring of 2020).

FUTURE YEAR FORECASTING

Historical activity is the primary guide used to forecast student enrollment, with three-year rolling averages analyzed to help project future activity. RCPS has experienced slow growth in student enrollment over the last several years. In 2017-18, after a fairly large increase in fall membership of 96 students year-over-year, spring Average Daily Membership (ADM) was a surprise when it came in less than the prior year. In 2018-19, fall membership was down slightly compared to the prior year, but RCPS did not experience the significant decrease between fall and spring like occurred the year before.

Much of the school division's funding (state funding) is a factor of enrollment, as measured by ADM taken on March 31 each year. Our estimates of enrollment growth (or decline) are an important step in looking ahead to anticipated revenues and expenditures. The Chief Financial Officer works with the Director for Data and Analysis to forecast enrollment changes going forward. RCPS looks at projections from the Weldon Cooper Center for Public Service, but usually projects more conservatively than Weldon Cooper's (and the Virginia Department of Education's) outlook would suggest. RCPS has experienced slow but steady growth in student enrollment over most of the last several years. In 2017-18, after a fairly large increase in fall membership of 96 students year-over-year, spring Average Daily Membership (ADM) was a surprise when it came in less than the prior year. In 2018-19, fall membership was down slightly compared to the prior year, but RCPS did not experience the significant decrease between fall and spring like occurred the year before.

| | Sept. 30 Membership | March 31 ADM |
|---------|---------------------|--------------|
| 2015-16 | 12,806 | 12,791 |
| 2016-17 | 12,836 | 12,825 |
| 2017-18 | 12,915 | 12,823 |
| 2018-19 | 12,900 | 12,898 |

RCPS continues to project and budget conservatively, as overestimating ADM can cause a revenue shortfall. After March 31, 2019 ADM was known, RCPS increased its projected 2019-20 ADM, but still kept it slightly below the FY2019 number. This will be carefully watched and forecasts revised as necessary. Forecasted ADM for future budgeting is as follows:

| | March 31 Forecasted ADM |
|---------|-------------------------|
| | /\DIVI |
| 2019-20 | 12,875 |
| 2020-21 | 12,885 |
| 2021-22 | 12,885 |
| 2022-23 | 12,900 |

The Commonwealth adopts biennial budgets and 2019-20 is the second year of the 2018-2020 biennium. Projections of state funding for schools beyond 2019-20 are not expected to be available until December 2019. As a result, RCPS utilized a modest increase projection for state revenues. The City of Roanoke is also forecasting modest growth in coming years. In keeping with recent year experience and the outlook of the City of Roanoke and Commonwealth of Virginia budget offices, the school division's 2019-20 expenditure budget includes three-years of projections that reflect a 1.65%, 2.0%, and 1.98% year-over-year increase in 2020-21, 2021-22, and 2022-23 respectively.

CAPITAL IMPROVEMENT PROJECTS

As Roanoke City Public Schools is a component unit of the City of Roanoke, school properties are assets that belong to the city, not to the schools. School divisions in Virginia also do not have the authority to issue debt, so all bond sales for capital project funding must be conducted by the City of Roanoke on behalf of the schools. By long-standing agreement, the city earmarks \$5,000,000 of its annual capital funding budget for school projects. As part of the funding formula with the city, the School Board agreed to take on all debt service related to school projects funded through bond proceeds. This is the annual amount that RCPS budgets for to accomplish most improvements or renovations necessary to maintain its facilities. When the need arises, and debt capacity is available, the city may approve more than \$5 million for school projects. In 2017-18 and 2018-19 this occurred to enable RCPS to replace Fallon Park Elementary as opposed to renovating the existing school. The City of Roanoke agreed to allow \$12.7 million of its debt issuance for FY2018 and \$12.7 million of its debt issuance for FY2019 to be used for the construction of this new school. In FY 2020, RCPS will return to the \$5 million funding level.

RCPS accounts for capital projects funded with bond funds in a separate capital fund. Documentation of capital project expenditures is kept and submitted to the City of Roanoke on a monthly basis for reimbursement out of capital project accounts held by the City. The following pages outline ongoing projects and the school division's five-year capital improvement plan (CIP) for FY2020 through FY2024.

SCHOOL IMPROVEMENT PROJECTS

Fallon Park Elementary School

SCHOOL IMPROVEMENT PROJECTS (Continued)

Description

This section describes School capital improvements or additions to the extent they are funded with new and future debt issuance. Projects funded through residual capital balances or other funds are excluded but may be found in the School Board's CIP report presented on February 12, 2019 (following this section beginning on page 60).

The most significant project during the current year involves the new construction of Fallon Park Elementary. The two-story school is being constructed behind the existing school. The last remaining modular has been demolished, and in March 2019, four classrooms in Phase I opened. Upon complete occupancy, Phase I will house a total of 26 classrooms in a two-story building. Phase II construction, including continuation of the site improvements, cafeteria, administrative offices and a two-story wing with 13 classrooms and support spaces, was able to begin early, with estimated completion in December 2019. Phase III will include demolition of the existing building, construction of the bus loop, completion of the remaining parking spaces, renovation of the existing gymnasium and conversion of the existing cafeteria into an art and music center. Completion of Phase III is scheduled to allow occupancy for the 2020-21 school year.

The construction of the Hurt Park Elementary gymnasium was originally discussed as a fabric structure; however, working closely with the project team, a concrete block and metal structure was constructed. Construction began in January 2018 and the gymnasium was ready for occupancy on April 11, 2018. Final installation work of the wood floor was completed in June 2018. Construction of this gym helps meet the Equity Policy DAB goals for the Roanoke City School Board.

The heating, ventilation, and air conditioning (HVAC) systems at some school facilities are at least 20 years old. These units are costly and inefficient in terms of energy use and are at or beyond their expected useful life. A new chiller will be installed at Addison Middle School and a new HVAC system will be installed at Noel C. Taylor Learning Academy during the Summer 2019.

There is a need for continual infrastructure improvements at selected schools. Roofing replacements are scheduled for Fishburn Park Elementary and Breckinridge Middle during Summer 2019. Grandin Court Elementary and Garden City Elementary are scheduled during Summer 2020.

Repaving is scheduled for Lincoln Terrace Elementary and Breckinridge Middle during Summer 2019. James Madison Middle and Fishburn Park Elementary are scheduled for repaving during Summer 2020. Round Hill and Virginia Heights Elementary will receive new playgrounds during Summer 2019.

Various improvements are planned at several locations. Renovation and expansion needs may exist at Morningside and Preston Park Elementary Schools. Expanding to eliminate an aging modular at Morningside is currently the most pressing need after Fallon Park, but if enrollment continues to grow at Preston Park, these projects may be reprioritized. At the Patrick Henry High School Stadium, a Public-Private partnership is being sought to construct a field house which will cost a total of approximately \$1 million.

SCHOOL IMPROVEMENT PROJECTS (Continued)

Equity Policy DAB: Modulars (use for classrooms will be temporary and limited.) As of March 15, 2019, RCPS has removed 41 modular classroom units since 2008.

Current modular locations:

| Breckinridge Middle | 1* |
|----------------------------|----|
| Lincoln Terrace Elementary | 1 |
| Morningside Elementary | 2 |
| Preston Park Elementary | 1 |
| TOTAL MODULARS | 5 |

^{*}Breckinridge modular onsite with occupancy on February 4, 2019, to alleviate overcrowding.

Project Status

Completed Projects are as follows:

- William Fleming High School: stadium turf replacement project completed in March 2019.
- Fallon Park Elementary Phase I.
- Hurt Park Elementary gymnasium.

Projects underway or to be completed include the following:

- Fallon Park Elementary new construction began in January 2018 and will continue through Summer 2020.
- Repaving at Lincoln Terrace Elementary and Breckinridge Middle Schools.
- Installation of accessible playground equipment at Round Hill Elementary and Virginia Heights Elementary Schools.

Comprehensive Plan Impact

Fulfills the City's Comprehensive Plan (Vision 2001) goal in the focus area of People and Human Development. Roanoke's schools will be known for their enhanced education programs that ensure all children receive a quality education that prepares them for entry into the workplace or participation in higher education. School facilities are important community facilities. The location of new school facilities will be carefully planned to enhance the surrounding community and adhere to the City Design principles recommended.

Service Impact

The project will address several improvement needs due to aging facilities, inadequate designs, electrical, HVAC and plumbing needs.

Operating Budget Impact

Operational cost or savings will be identified as the projects progress. Any additional operational costs or savings will be borne by or be a benefit to the Schools rather than the City. Operational efficiencies are anticipated in any HVAC and lighting projects.

SCHOOL IMPROVEMENT PROJECTS (Continued)

Funding Source(s):

Funding Previously Appropriated:

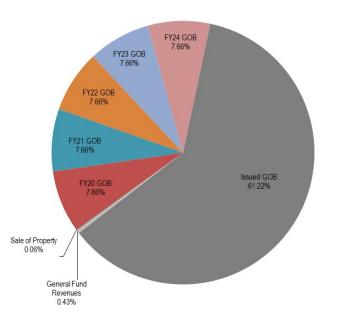

General Fund Revenues \$ 282,498 Sale of Property 38,663 **General Obligation Bonds** 39,979,753

> Subtotal Previously Appropriated \$40,300,914

Future Funds:

General Obligation Bonds FY 2020 5,000,000 General Obligation Bonds FY 2021 5,000,000 General Obligation Bonds FY 2022 5,000,000 General Obligation Bonds FY 2023 5,000,000 General Obligation Bonds FY 2024 \$ 5,000,000 Subtotal Future Funds \$25,000,000

Total \$65,300,914

Beginning in FY 2012 the Schools became responsible for covering the costs of their own debt service as a part of altering the funding formula between the City and the Schools. This new agreement allows the schools more flexibility and responsibility when considering capital projects that best suit the needs of the Schools.

Project Cost Summary:

| Description | Prior Years' Spending* | FY 2020 | FY 2021-2024 | Total Project Cost |
|----------------------|---------------------------|-------------|--------------|--------------------|
| Total By Fiscal Year | \$40,300,914 | \$5,000,000 | \$20,000,000 | \$65,300,914 |

^{*} Prior Years' Spending assumes all funds appropriated are spent by the end of Fiscal Year 2019.

Projected Five-Year Capital Resource Allocation and Proposed Work Program — FY 2020-24

| | | FY 2020 | FY 2021 | FY 2022 | FY 2023 | FY 2024 | | |
|------------------|--|--------------|--------------|--------------|--------------|--------------|------------|---|
| | | Bond Funding | TOTAL | |
| Building | Project | | | | | | | Project Notes |
| Patrick Henry | Field House - RCPS Match Maximum \$500,000 | | | | | | | |
| TBD | School Renovation | 250,000 | 2,000,000 | 4,000,000 | 4,000,000 | 3,500,000 | 13,750,000 | The potential for renovation and expansion exists at Morningside and Preston Park. Breckinridge has been supported through modulars, but enrollment and building needs are being watched carefully across the district. |
| Various Sites | Maintenance Upgrades | 4,100,000 | 3,000,000 | 1,000,000 | 1,000,000 | 1,500,000 | 10,600,000 | The primary projects identified in order of need are roof replacements at Breckinridge, Garden City and Fishburn Park. Ongoing analysis of the wear on school buildings may necessitate reprioritization of these or other projects if more pressing needs, such as improvements to HVAC or plumbing systems, should surface. |
| Fallon Park | Playground | 300,000 | | | | | 300,000 | Accessible |
| Round Hill | Playground | 100,000 | | | | | 100,000 | Accessible |
| Virginia Heights | Playground | 250,000 | | | | | 250,000 | Accessible |
| FUNDING | | 5,000,000 | 5,000,000 | 5,000,000 | 5,000,000 | 5,000,000 | 25,000,000 | |

Assumptions guiding the Board as part of capital improvement planning:

- 1. Costs presented for the first year of a multi-year project must not be projected as absolutes for future years; costs must be updated for inflation, changes to the project, and economic conditions. New City, State, and Federal mandates, and economic conditions will also impact costs.
- 2. Underages or overages may result in the capital improvement plan having to shift one or more projects from existing timetables as presented. Projects can move either forward or be pushed further out depending on the fiscal requirements of each plan year.
- 3. The goal of all capital improvement projects is to be on time and under budget. However, project overages and underages may result from many factors including unforeseen City ordinances, weather conditions, connections to water and sewer lines and the like.
- 4. Project overages will always be reported to the Board as they occur. Underages will be reported upon completion of the project.
- 5. We must consider inflation year-over-year with all of our cost scenarios.
- 6. When classroom additions are planned, a minimum of three years of enrollment data must be considered to establish a trend. Enrollment and building occupancy are driving forces in project planning.
- 7. In all projects, a contingency line will be included in the project budget. The percentage of the project included as a contingency is subject to the project scope and specifications.
- 8. Each year, planned maintenance for Roanoke City Public Schools will be discussed with the capital improvement plan so that economies can be achieved with actual work projects and proper fiscal controls are practiced.
- 9. Reporting during each fiscal year of the Capital Improvement Plan will be provided as projects progress and at the completion of each year's work. Intermediary reporting will be provided at the Board's request.
- 10. Landscaping for any project is deemed a separate scope of work, procured and managed as such, and will not be included in any other contracts let for capital work.
- 11. Overcrowding will always be considered in determining capital improvement priorities.

Patrick Henry High School Field House - A Public-Private Partnership

In March 2014, the Administration recommended and the Board approved the following:

- 1. The Patrick Henry Booster Club and School Division Administration will determine the appropriate location for the field house and provide a site drawing for the purpose of fundraising and preliminary cost determination.
- 2. PHHS Booster Club will accelerate fundraising including certain in-kind costs; i.e., full architectural renderings, with a goal of \$500,000.
- 3. When the private entity reaches the \$500,000 goal, the School Division will match the amount.
- 4. The total cost of the project is not to exceed \$1.0 million.

The Administration recommends these efforts continue.

Roofing Projects (Prioritized)

| School | Square Footage (SF) | Amount |
|--------------------------|------------------------|--------------|
| Breckinridge Middle | 44,994 | \$ 1,100,000 |
| Garden City Elementary | 37,487 | \$ 900,000 |
| Fishburn Park Elementary | 42,502 | \$ 1,000,000 |
| Grandin Court Elementary | 22,202 | \$ 500,000 |

HVAC Projects (Prioritized)

| School | Project | Amount |
|----------------------------|----------------------|---------------|
| Noel C. Taylor Academy | Complete Replacement | \$ 1,200,000* |
| Fishwick Middle | Complete Replacement | \$ 2,100,000* |
| Addison Middle | Chiller Replacement | \$ 750,000 |
| Patrick Henry High | Chiller Replacement | \$ 1,000,000 |
| Roanoke Academy Elementary | Chiller Replacement | \$ 750,000 |
| Fairview Elementary | Complete Replacement | \$ 1,500,000 |

^{*}Summer 2019

Performance-Based Contracting

- Lower utility and maintenance cost.
- Replacement of aged equipment with higher-efficiency equipment of advanced technology.
- Guaranteed savings with ongoing measurement and verification.
- District-wide LED lighting, control upgrades, HVAC upgrades and building weatherization.

Current Modular Units

| School | Number of Modulars |
|----------------------------|--------------------|
| Breckinridge Middle | 1* |
| Fallon Park Elementary | 1** |
| Lincoln Terrace Elementary | 1 |
| Morningside Elementary | 2 |
| Preston Park Elementary | 1 |
| TOTAL | 6 |

^{*} Modular onsite with occupancy on February 4, 2019.

^{**}Modular to be removed by Spring Break 2019. (Weather permitting)

Modular Units Removed Since 2008

| School | Number of Modular Units | Removal Notes |
|--------------------------------|----------------------------|---|
| Fallon Park Elementary | 2 | Removed for construction. |
| Fishburn Park Elementary | 1 | |
| Garden City Elementary | 1 | |
| Monterey Elementary | 1 | Modular removed during Summer 2017 Work Program. |
| Preston Park Elementary Annex | 16 | |
| Preston Park Elementary | 1 | Removed prior to construction of gymnasium. |
| Round Hill Elementary | 3 | Final modular relocated to Preston Park during Winter Break 2017. |
| Virginia Heights Elementary | 1 | |
| Madison Middle | 1 | After completion of construction. |
| Patrick Henry High | 6 | After completion of construction. |
| William Fleming High | 6 | After completion of construction. |
| Ruffner Maintenance/Operations | 1 | Former Employee Health Clinic. |

BUDGET DETAIL BY CATEGORY AND COST CENTER

As noted previously, school divisions in Virginia are required to classify expenditures by state-defined categories. Within those categories, RCPS chooses to divide its General Fund budget still further, into cost center budgets that are available to, and the responsibility of, appropriate department supervisors. This method of delineating expenditure budgets assists budget managers in understanding the details of their available budgets, and keeping track of departmental spending throughout the year. Similarly, providing further detail by grant award budgeted within the Grants Fund assists grant managers in understanding funds available and keeping track of available funds throughout the life of the grant award. The Food Services Fund budget is its own budget category, but the Food Services budget is provided in additional detail for the benefit of department budget managers and other administrators.

General Fund Categorical Budget by Cost Center Discussion

All department budgets include increases to personnel and or benefit budgets as a result of raises given and anticipated increases in benefit costs. Many fringe benefits are calculated as a percentage of salary, so even with no change in the benefit percentage cost, salary increases result in corresponding benefit increases. RCPS continues to experience increases in health care costs, and has budgeted a 10% increase in the employer share of costs effective January 2020 (RCPS's health plan year is a calendar year).

Category of Instruction:

Instructional Central Administration (100)

The professional services category includes services for document shredding that is necessary to meet document retention and destruction requirements. Dues and memberships includes membership to the Virginia School University Partnership (VSUP). The overall budget decrease is primarily due to lower costs for transportation and food.

Regular Education (110)

All line item categories include expenditures for subject area programs such as Art, English, Health/Physical Education, Dance, Music, English Language Learning (ELL), RCPS+, Science, Foreign Language, Math, Media, and Social Studies. RCPS has outsourced substitute teacher services to Source4Teachers (now named ESS), and that budget can be found on the Contracted Services –Substitutes budget line. The overall budget increase is due in part to salary increases for professional staff, contracted substitutes, and professional development.

Special Education (120)

The Professional Development – Tuition budget line includes services provided by Goodwill Industries' for students through the School to Work Program and Project Search. Professional Services includes Comprehensive Services Act (CSA) billing payable to the City of Roanoke for the local share of costs for students placed by RCPS through CSA for private day services. Professional therapy (Occupational, Speech, and Physical Therapies), legal series, and Medicaid billing also are included in professional services for Special Education.

RCPS participates in a Regional Special Education Program for low incidence populations. By pooling resources through the Regional Program, participating divisions can save on personnel and facility costs. For example, if RCPS had two hearing impaired elementary students and a participating neighboring school district had one hearing impaired elementary student, we can create one hearing impaired elementary classroom for all three students, rather than each division having their own program serving a small number of children. RCPS pays tuition into the Regional Program for all RCPS students we place into regional classrooms. If a regional classroom is hosted by RCPS, which many are, RCPS is reimbursed for the costs of that class by the Regional Program (out of the tuition that all participating school divisions collectively pay into the program). Prior to 2015-16, RCPS accounted for hosted Regional Program classroom costs within the Special Education General Fund Budget. In 2015-16, this was moved to the Restricted Grants Fund, so that costs being reimbursed by the Regional Program could be distinguished from costs being paid out of General Fund dollars. Since that time, only the RCPS tuition fees expected to be paid into the Regional Program for RCPS students placed in regional classrooms are budgeted to the Special Education General Fund Budget. All other reporting for the Regional Program can be found in the Grants Fund Information.

Alternative Education (191)

Professional Services includes tuition for secondary students to attend a unique vocational program called Makers Mart, where students learn wood working and other building trades. Software consists of a district-wide program for academic credit recovery, assessment, test-prep and universal remediation for students.

Career and Technical Education (170)

All expenditures are related to the costs of the career and technical program offered to the district's secondary students for programs that prepare students for technical fields and occupations. Included in testing are workplace readiness and personal finance certification exams required for graduation.

Gifted Education (180)

The Professional Development – Tuition budget category includes funds for conferences and training in teaching advanced placement (AP) courses. The Local Match includes a transfer of tuition for Roanoke City Public Schools (RCPS) students attending the Roanoke Valley Governor's School. RCPS houses the Roanoke Valley Governor's School and serves as its fiscal agent. Because it is a separately managed Local Education Agency (LEA), its funds are managed within the Restricted Grants Fund. The transfer referenced above is between the General Fund and the Grants Fund. Funds budgeted for equipment include laptop computers for the Plato Centers and Gifted Resource Teachers. Plato is a gifted pull-out program for students in grades three through five. Plato classrooms are located at Fairview Elementary and Highland Park Elementary and qualifying students from all RCPS elementary schools are invited to participate.

Early Childhood Education (190)

The Professional Services budget funds curriculum training services. Equipment includes furniture needed for an additional pre-kindergarten classroom.

Adjunct & Adult Education (160)

There is one expenditure line in this budget and it funds the required local share for adult education services provided through the Adult Basic Education federal grant program. This transfer is between the General Fund and the Grants Fund; expenditures of grant funds and the required local match are tracked within the Grants Fund.

Guidance & Counseling (140)

The Professional Development budget includes a portion of dual enrollment tuition for courses offered in partnership with Virginia Western Community College. Professional Services includes counseling services, legal fees, equipment maintenance, student surveys and supports.

Instructional Building Administration (150)

These expenditures represent the total amount of building allocations provided to each school for basic operating costs for the year. Building allocations are determined using a formula that is based on the prior year March 31 ADM for each school. Principals are informed of their building allocations at the start of each school year and they spend those funds throughout the year on things like copier costs, classroom materials, and professional development materials.

Driver Education (193)

Classroom driver's education instruction is provided by health and physical education teachers. The Virginia Driving Training program, commonly referred to as "Behind-the-Wheel," is contracted out, and the budget for this instruction is found on the Professional Services budget line in this cost center.

Psychological Services (233)

Testing Supplies include interactive subtests and site licenses.

Speech/Audiology Services (234)

The Professional Services budget includes audiometer calibration, hearing equipment maintenance and warranties, and contracted speech services. The Dues & Memberships budget includes membership for the American Speech – Language and Hearing Association (ASHA) Certification. The non-personnel overall budget increase is due to an increase in the area of professional services for contracted speech services.

Instructional Technology (270)

Professional Services includes specialized technical support and advice, digital and video support, and support and service of the eLearning system. Software includes an annual renewal of the districts tracking of fixed assets, content area digital licenses, streaming services, and interactive software. The slight increase in non-personnel expense is due to additional technology equipment needs.

Discipline (130)

The Professional Services budget includes services for Positive Behavioral Intervention and Supports (PBIS) and for printing of the student code of conduct handbooks. The increase in professional services budgeted funds results from moving the expense for student code of conduct handbooks from the Security cost center to the Discipline budget.

Student Health Services (232)

This Professional Services budget includes outsourced school nursing services provided by Carilion Clinic. Software includes the School Nurse Documentation Program (SNAP) annual contract. Equipment includes computer replacements for school nurses.

Category of Administration, Attendance, Health, and Technology:

School Board (201)

Professional Services includes legal and consulting fees for the district. It also budgets for facilitation services for School Board retreats.

Superintendent (202)

The Professional Services budget includes professional and consulting fees, and services for a mentoring program. The budget for Dues and Memberships increased for a new membership with District Leadership Forum which includes research, webinar series, briefings, and superintendent roundtable sessions.

Community Relations (203)

Professional Services within Community Relations consists of production services of the district's parent handbooks, marketing materials, and advertisements including event signage. Educational supplies include support for the "Load the Bus" school supply collection project. The operating supplies budget includes funds for plaques, certificates, Teacher of the Year awards, and other recognition items.

Data and Analysis (204)

The Professional Development – Tuition budget includes funds for continuing education. The Contracted Services – Substitutes includes temporary clerical staffing assistance. Testing

Supplies include materials needed to complete the IOWA/CogAT, Nag, Peer-Assisted Learning Strategies (PALS), American College Test (ACT), WIDA for English Learning, and the SAT testing throughout the schools. Budgeted software includes PowerSchool Assessment, Performance Plus, Tableau, Adobe Acrobat and other software needs.

Operational Central Administration (206)

Professional Services includes property and excess liability coverage services, insurance coverage consulting, worker's compensation insurance, bank service fees, legal fees, sound and lighting fees, and fees owed to the City of Roanoke for services including off-duty police officers and radio support. Operational Central Administration has an overall non-personnel budget decrease due to lower insurance and software costs.

Human Resources (210)

The Professional Services budget includes Cobra benefits administration, hiring fees and service charges for background checks, benefits consulting fees, outsourced professional training, and advertisement of job opportunities. Software includes an online job application system, an employee evaluation system, a system for tax filings, and the maintenance of identification networks. The increase in non-personnel costs is due to anticipated increases in contracted services, recruitment efforts, and tuition reimbursements.

Employee Health Services (211)

The Professional Services budget includes Employee Assistant Program (EAP) services, Worker's Compensation administrative fees, and clinic lab registration. Medical Supplies include 750 flu vaccine doses and drug screening equipment. Budgets for worker's compensation claim costs, previously distributed across budgets where worker's compensation claims were known to exist or likely to occur, have been consolidated within the Employee Health budget for better tracking and budget control.

Payroll (216)

The non-personnel expenditures include postage for mailing W-2 and personnel checks, a copier lease, and office equipment.

Accounting (218)

The Professional Services budget includes services for external financial audit services, city municipal audit services and actuarial reporting. The Dues & Memberships includes memberships to the Government Finance Officers Association (GFOA), Virginia Government Finance Officers Association (VGFOA), the Association of School Business Officials (ASBO), the Virginia Association of School Business Officials (VASBO), and the Virginia Society of Certified Public Accountants (VSCPA).

Grant Management (219)

The Dues & Memberships budget includes memberships into the National Grants Management Association and the Blue Ridge Grants Management Association. Books & Subscriptions includes subscription to the National Foundation Directory Online (FDO Preferred Grants Database).

Purchasing Services (224)

The Professional Services line item budget includes advertising Requests for Bids and Proposals. The Dues & Memberships budget includes Sam's Club, Virginia Association of Government Purchasers (VAGP) and the National Institute of Government Purchasing (NIGP). Other costs include postage and office supplies.

Reprographics (225)

The Professional Services budget includes equipment maintenance services and an electronic file storage system. Office Supplies include copy paper and binding materials and other supplies. Software includes the print job request and set-up system. Other costs include copier rental fees.

Administration Technology (280)

The Professional Services category includes upgrades to the WAN/internet, cellular and cable services, a student information system, network and security support, and improvements to the division's telephone system. The overall budget increase is primarily due to an increase in telecommunications and software, which included a price structure change for FY2020.

Safety & Security (253)

The Professional Services budget includes crossing guard services, fire alarm monitoring and sprinkler system inspection, kitchen hood inspections and cleaning, suppression inspections and fire extinguisher yearly maintenance inspections, testing of fire hydrants on school property, elevator examinations and code inspections, Sherriff's Deputy DARE Officers and Roanoke City Police Department School Resource Officers (SROs).

Funds continue to be budgeted for security-related capital improvements, including fencing needs at some school sites. Larger security improvements initiated in FY2019, with a budget of \$2 million, could not be completed in one year, so the unspent portion of FY2019 budgeted funds will carry forward as committed fund balance and be spent in FY2020.

Category of Transportation:

Transportation (240)

All expenditures are related to school bus transportation for students. The school buses were owned and operated through a contractual agreement with Mountain Valley Transportation through the end of Fiscal Year 2019. Beginning in Fiscal Year 2020, the school board has contracted with Durham School Services, L.P. for school bus transportation services. The fuel for the buses and the software to track school trips is also budgeted through this cost center. Significant savings are expected through this new contractual arrangement. One-time capital equipment expenditures are planned for upgrading bus radios from analog to digital. This transition will need to be completed within the next two years to ensure school bus radios continue to work with the City of Roanoke's central radio system.

Category of Operations and Facilities Maintenance:

Facilities Operations (250)

Operations Workers will be reclassified which will result in increases to their salary schedules. The Professional Services budget includes services for equipment repairs, pest control, dumpster services, and other needs. Operating Supplies includes all paper and cleaning products for custodial services. The budget for uniforms includes a notable increase for the annual cost of updating rented uniforms for the division's custodial staff.

Facilities Maintenance (251)

The Professional Services budget includes services for painting, roofing and building repairs, architectural fees, electric, auto and glass, chiller maintenance and work order software support. The Operating Supplies budget includes tires, vehicle parts, maintenance and repairs

tools and supplies. Equipment includes water heaters, HVAC units, vehicles and other equipment or parts. The increase includes additional improvements to buildings and facilities or equipment.

Grounds Maintenance (252)

Professional Services includes sidewalk and parking lot repairs, engineering services and lawn care and landscaping. Operating Supplies includes landscaping materials and various athletic equipment. Examples of items included in the equipment budget are grounds, playgrounds, and athletic field equipment.

Warehouse (260)

The Professional Services budget includes temporary workers, public services, advertising, municipal waste fees and repair service charges for the department's vehicles. Rental equipment includes tables and chairs for district events, and rental vehicles as needed to maintain operations if a fleet vehicle is not in service.

Utilities (290)

These expenditures include utility service for electricity, natural gas, and water.

Category of Athletics:

Athletics (330)

The expenditures in professional services include charges for officials, off duty police officers, and EMS services for high school and middle school sporting events. Transportation charges are for bus and rental vehicles for travel to/from games, camps, and other team events. The insurance budget is for Student Athlete Accident Insurance.

City of Roanoke, Virginia Property Tax Analysis

Property taxes are assessed annually as of January 1 and levied during the month of August. Real estate tax is payable in two equal installments, each due on or before October 5 and April 5. On April 6, real property taxes become an enforceable lien against the property. The annual assessment for real estate is based on 100% of the assessed fair market value. The tax rates are established annually, without limitation, by City Council. The tax rate for real estate was \$1.22 per \$100 of assessed value for the year.

Personal property tax is due on or before May 31 during the year of assessment. The personal property tax rate was \$3.45 per \$100 of assessed value for the year. The Commonwealth funds localities for a portion of the personal property taxes billed to property tax owners. The Personal Property Tax Relief Act as amended provides a flat amount of reimbursement to localities, such as the City of Roanoke, thereby altering the percent of tax relief provided. The Commonwealth's share of the tax was 48.3% for tax year 2018. A penalty of 10% of unpaid real estate and personal property tax is due for late payment. Interest on unpaid taxes is 10% in the first year. Thereafter, the interest is calculated using the Internal Revenue Service (IRS) rate, which was 4%.

The City bills and collects taxes and recognizes revenue upon levy for government-wide purposes. For the fund financial statements, the City recognizes revenue to the extent that it results in current receivables within the modified – accrual period.

Personnel Resource Allocations

The school division's full and part-time positions, as experienced in three prior years, 2015-16, 2016-17, and 2017-18, as projected for the current year 2018-19, and as budgeted for 2019-20 are reflected below. These counts fluctuate throughout each year. Key factors that influence changes in personnel resources include enrollment changes and employee separations and new hires. The actual and projected counts for prior and current years were measured at the same point in time each year in an effort to provide a valid comparison.

| Classifications | 2015-2016 Actual | 2016-2017 Actual | 2017-2018 Actual | 2018-2019 Estimated | 2019-2020 Budgeted |

Accreditation Status 2018-19

State accreditation is determined by the overall percentage of students who pass SOL tests in four core subject areas: English, Mathematics, History, and Science. State accreditation status by school, based on the 2017-18 student performance data, is listed on the following chart.

| School | Accreditation Status |
|-----------------------------|----------------------|
| | |
| Crystal Spring Elementary | Fully Accredited |
| Fairview Elementary | Fully Accredited |
| Fallon Park Elementary | Fully Accredited |
| Fishburn Park Elementary | Fully Accredited |

Roanoke City Public Schools 2018 SAT Results

Three hundred thirty-nine (339) Roanoke City students took the SAT Reasoning Test. The division's mean Evidence-Based Reading and Writing score was 527, the mean Mathematics score was 507. The difference in scores over time in RCPS should be compared to Virginia and U.S. in order to compare magnitude of the change.

| | <u>Roanoke</u> | <u>virginia</u> | <u>U.S.</u> |
|-------------------|----------------|-----------------|-------------|
| White | 41% | 19% | 12% |
| African American | 21% | 27% | 38% |
| Other Ethnicities | 37% | 53% | 44% |

Mean scores of all students tested:

For the comparison in the chart the mean critical reading scores are being taken into account.

^{*}ERW is Evidence-Based Reading and Writing. It is replacing the separate Reading and Writing tests from 2011-2016. The new SAT and the one that came before are two different tests with two different scoring structures.

The scoring structure for the new SAT:

Total Score 400-1600

Evidence-Based Reading and Writing Section: 200-800 (Writing is now COMBINED with Reading for one section.)

Math Section: 200-800

GCI = Graduation Completion Index is used to determine Accreditation [VA recognized diplomas (Advanced, Standard, Modified Standard, Special, and General Achievement Diploma) = 100 pts, GED = 75 pts, still enrolled = 70 pts, certificate of program completion = 25 pts]. Special students with plans in place may be allowed to "slide" into the next year's cohort.

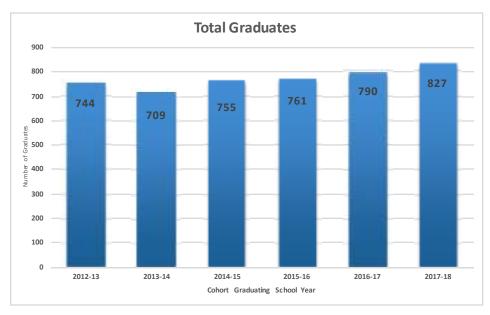

OGR = On-time Graduation Rate is Virginia's official graduation rate [includes Advanced, Standard, Modified Standard, Special and General Achievement (GAD) diplomas]. Special students with plans in place may be allowed to "slide" into the next year's cohort.

Glossary of Terms and Acronyms

ACT American College Test

ADM Average Daily Membership. A measure of student enrollment required

to be calculated and reported to the Virginia Department of Education annually as of March 31. The main sources of state funding for public

K-12 education are calculated based on March 31 ADM.

Appropriation An amount of funds an entity is legally authorized to expend for a

particular purpose.

Accreditation A designation of academic quality and achievement established and

awarded by the Virginia Department of Education based on the percentage of students who pass state Standards of Learning tests at

each school.

CAFR Comprehensive Annual Financial Report

CEP Community Eligibility Provision. National School Lunch Program and

School Breakfast Program provision that gives schools meeting the necessary community criteria for serving high percentages of low-income children the option to offer free school meals to all children in

those schools without collecting applications.

CIP Capital Improvement Plan

CY Calendar Year (January through December)

Cost Center A component of the chart of accounts which is used as measure for

RCPS to allocate costs by category, such as Regular Education,

Special Education, Payroll, etc.

Debt Service The amount owed to pay back principle and interest on borrowed money

according to a set schedule. For RCPS debt service is budgeted and paid on general obligation bonds sold by the City of Roanoke on behalf

of RCPS to fund school construction projects.

Encumbrances Obligations in the form of purchase orders, contracts, or other

commitments that are charged against appropriated funds, reserving

those funds for the specified use.

E-Rate Schools and libraries universal service support mechanism for discount

telecommunications services and internet access.

ESSA Every Student Succeeds Act. The replacement federal legislation for

the No Child Left Behind Act, which governs federal funding of public

education, and accountability standards.

Fiduciary Funds Funds used to account for resources held for other governments,

individuals, or agencies not part of RCPS.

Fiscal Year A twelve-month period of time used for accounting and budgetary

purposes. The fiscal year for RCPS is July 1 through June 30.

Fund A fiscal entity with revenues and expenses which are segregated for the

purpose of carrying out a specific purpose or activity.

Fund Balance The excess of assets of a fund over its liabilities and reserves.

FY Fiscal Year (for RCPS this period is July through June)

GASB Governmental Accounting Standards Board

General Fund The primary fund of the School Board used for accounting for all

financial resources and uses except those with restricted use.

Grant Funding from a government or other entity restricted for a use towards

a particular goal or activity.

HIC Health Insurance Credit

LCI Local Composite Index. This is the factor determined by the Virginia

Department of Education to establish the portion of anticipated costs for providing a quality education expected to be covered by local funds based on local ability to pay. Each school division's LCI is unique and represents the portion of total cost identified by VDOE that will need to

be paid locally, and 1-LCI is the portion funded by VDOE.

OPEB Other post-employment benefits

SAT Scholastic Aptitude Test

SOL Standards of Learning. These are the curriculum standards established

by the Virginia Department of Education for all required courses in K-12 instruction. More specifically, this acronym typically refers to the end-of-course tests that are administered beginning in grade three, testing student proficiency. SOL pass rates are used by VDOE to determine

school accreditation.

SOQ Standards of Quality. The state-identified standards for student

achievement.

VDOE Virginia Department of Education

VRS Virginia Retirement System
